THREE KILLED IN ATLANTIC COAST WRECK

Two Trains Loaded With Christmas Travelers Have Head-on Collision

BOTH ENGINES SMASHED

News Trickles in Slowly from Scene of Disaster at Monck's Corners S. C.

BULLETIN

Wilmington, N. C.—(AP)—John W. Weeks, former secretary of war, escaped injury in the wreck of two Atlantic coast line passenger trains early Thursday near Monck's Corner, S. C., but Mrs. Weeks was hurt. It was stated Thursday afternoon at the general offices of the road here. Officials add they had not been able to ascertain the extent of Mr. Weeks' injuries. Information from the scene of the wreck so far indicates no serious injuries to other passengers all of whom have been transferred to other trains and started for their destinations.

Charleston, S. C.—(AP)—Three people are known to be dead and one missing and several were injured, including John W. Weeks, former secretary of war, as a result of a head-on collision of two Atlantic Coast Line passenger trains early Thursday at Gallard's Cut, near Monck's Corner.

A relief train with doctors and nurses is enroute to the scene.

The extent of injuries has not been learned.

It is believed that due to the blocking of the northbound track by a freight train which was derailed Wednesday night, the two passenger trains were running on the southbound track at the time of the accident.

CHRISTMAS TRAIN

Charleston, S. C.—(AP)—John W. Weeks, former secretary of war, was slightly injured and four men, two engineers and two firemen, are believed to have been killed in a head-on collision between two Atlantic coast line trains early Thursday south of Monck's Corner.

The two trains, No. 76, northbound and 85, southbound, were filled with Christmas travelers and were said to have been going at a fair speed to make up for lost time. Two engines were reported smashed and several cars derailed. One train was three quarters of an hour late and the other seven hours overdue.

The point where the collision occurred is said to be a single track section where trains have to go on a siding to permit passage. Although headquarters of the road at Wilmington, N. C., had no official word of the wreck, unofficial reports reaching Florence, S. C., said the two engineers killed were J. E. Cummings and H. T. Parrish.

HUGE SPECTACLE OF 700 CAST VISITS ST. LOUIS

St. Louis, Mo.—(AP)—Max Reinhardt's medieval spectacle, "The Miracle," will be presented for the first time west of Cincinnati Thursday night with the opening of a four weeks' run in the new Coliseum here. All profits go to charity.

The cast of 700 persons is headed by Lady Diana Manners who alternates in the roles of madonna and the nun in the pantomime. As the madonna she stands immobile for 46 minutes during most of the first scene.

The production is unique in that there is neither stage nor curtain. The Coliseum has been transformed and thus enters into the spirit of the spectacle. The actors enter through the same doors as the audience and pass up and down the aisles.

MRS. HARRIMAN, POET, IS DEAD AT HOLLYWOOD

Hollywood, Calif.—(AP)—Mrs. Alice Harriman, 64, author and publisher died of pneumonia at her home here early Thursday.

A contributor to many magazines since 1896, Mrs. Harriman also was the author of several books of which the two most noted were "A Man of Two Countries" and "A Volume of Poems, 'Wilt Thou Not Sing'."

GENERAL FENG ROUTS ENEMIES AT TIENTSIN

Chinese Christian Marshall Occupies City After Siege of Several Days.

Peking—(AP)—Marshal Feng Yu Hsiang's national army troops entered Tientsin Thursday morning after several days fighting in which thousands were killed or wounded.

The troops of General Li Ching, civil governor of Chihli and Feng's enemy are fleeing in disorder.

Chaos reigns in the native quarter of Tientsin, where soldiers attached to the defeated army are engaged in looting. Foreign volunteers and troops are protecting the gates of the foreign settlement, which is harried.

Feng's supporter, Sun Yueh, has been appointed Tihuan, (civil governor) of Chihli to succeed Li.

WILL SURRENDER

Tokyo—(AP)—The Japanese News agency declares that the Japanese war office has unconfirmed advice from Mukden, Manchurian capital, declaring that General Kuo Sung Lin, has proposed to Marshal Chang Tso Lin, Manchurian war lord, to surrender if Chang will guarantee his life and property.

SEEKS REFUGE

Shanghai—(AP)—General Li Ching Ling, defeated by Marshal Feng Yu Hsiang at Tientsin, is reported to have taken refuge in the Japanese concession, accompanied by his staff.

NASH GIVES WORKERS \$550,000 YULE GIFT

Kenosha—(AP)—The Nash Motors Co. Thursday distributed \$550,000 in Christmas cash bonuses to its 12,000 employees in its Milwaukee, Racine and Kenosha plants, its largest distribution of cash gifts in recent years. Other companies in Kenosha are distributing among their employees an additional \$25,000 in the form of bonuses ranging in sums from \$10 to \$1,000, depending on earning capacity and length of service. A large amount of boxes of candy and cigars are being given out at other plants, while some corporations are continuing their policy of giving their employees paid up life insurance policies.

RIVER FALLS JUDGE IS HURT IN BUS ACCIDENT

Ellsworth—(AP)—Ten persons are recovering from injuries received when a passenger bus collided with an automobile and plunged over a 10-foot embankment near here late Wednesday.

Judge W. P. Knowles, of River Falls, suffered serious injuries while the other nine persons escaped with cuts and bruises. The bus was enroute to St. Paul. Colliding with the automobile, the bus went over the embankment and landed in a ditch. Passengers were severely shaken and several of them, including Judge Knowles, were brought to a local hospital. The judge suffered injuries to the legs.

OUSTED CHIEF THREATENS TO EXPOSE MAYOR

Gen. Butler Says His Diary Will Raise Ruction in Philadelphia City Hall

Philadelphia, Pa.—(AP)—General Smedley D. Butler, dismissed by Mayor Kendrick as head of the Philadelphia police, said Thursday that the publication of his diary would "raise a ruction." He kept it during the two years he was director of public safety and recorded, among other things, conversations with the mayor and other city officials.

The general said that a broadside in which he alleged the mayor was a protector of big violators of the prohibition law was only a preliminary blast.

General Butler let it be known that he would endeavor to recall his letter of resignation from the marine corps, which he submitted Monday in order to remain here.

In making public letters which passed between himself and Mr. Kendrick and Joseph P. Gaffney, city solicitor, the general attempted to show that it was because he would not "go easy" on the big hotels that he was fired.

The correspondence included a letter from Butler to the mayor last November in which said in regard to one hotel, "Drunk men and young girls were found upon the ballroom floor."

In one memorandum, Butler quoted the mayor as saying, "You're going too strong on these \$7,000,000 investments," and "you have to lay off these big places" because "there is a difference between a \$7,000,000 investment and a cheap place which black-mail people."

Mayor Kendrick made no comment on the correspondence but issued an appeal to the people to support him in enforcing the law.

U. S. CONSUL GENERAL AT BUENOS AIRES QUILTS

Buenos Aires—(AP)—Henry Hays Morgan, United States consul general here, announced Thursday that he was retiring after a connection of more than 40 years with the American diplomatic and consular services. He will sail for New York on Dec. 31, to rejoin his family.

Robert Harnden, consul at Rosario, will be temporarily in charge of the Buenos Aires consulate general.

Morgan entered the government's service as secretary of the government's legation at Mexico City in 1882, and has held posts in many countries of Europe and Latin America. He was consul general at Hamburg during most of the war until America's entry and later represented the United States food and fuel administrations in Cuba.

In 1919 he was named United States commissioner to negotiate with the Belgian government regarding the reconstruction of Belgium.

LONE ROBBER GRABS \$115 IN LUNCH ROOM

Madison—(AP)—Police are seeking a lone robber who Wednesday robbed the H. J. Morris lunch room of \$115 after locking an employee in the basement of the building.

ARREST 18-YEAR GIRL AS MEMBER OF HOLDUP GANG

New York—(AP)—Mrs. Anna Ross, 18-year-old bride of a year, was arrested Thursday as an alleged member of a holdup band of eight. Police believed that the band was responsible for a series of chain grocery store robberies.

Detectives described one of the prisoners, Victor Semmarco, as being a member of a wealthy family. Police say Joseph Cortney, alleged leader of the band, confessed to 16 recent robberies.

Anna Ring, former show girl, is held at Brooklyn police headquarters until Samuel Pistanowitz arrives for the purpose of determining whether she is the "bobbied hair bandit" who helped four men rob his father's jewelry store Wednesday. In another cell is her husband Vincent Ring, a former convict, who was arrested with her in a shack on Long Island 10 hours after the robbery. Police say that each had two pistols when arrested.

CHICAGO RUM RUNNER IS NABBED AT EAU CLAIRE

Eau Claire—(AP)—A touring car loaded with 124 gallons of alcohol enroute from Chicago to St. Paul was seized here, and Harry Kessler, driver, of Chicago, was arrested.

Jack Greene, Chicago, his companion, was released. Taken into city court, Kessler was fined \$500 and then re-arrested on a state charge of transportation of liquor. He is held pending his place to this charge.

Congress Sets Record For Accomplishment In Its Two Weeks Session

BY DAVID BLAWRENCE

Copyright, 1925, by Post Pub. Co.

Washington, D. C.—Congress has really done more in the two weeks it has been in session than is usually the case in the pre-Christmas period. Indeed, the recess until January which has just been taken has been earned. And the interesting thing to note is that congress could have done the same thing in previous years had there been the same disposition as there is today to expedite public business.

For while the house has passed tax bill and adopted three appropriation measures, the treasury, postoffice, and deficiency bills—this could never have been accomplished but for the hearings held on tax reform by the house ways and means committee in October and the budget system. It may be too optimistic an inference to draw but what congress has done this time may ultimately result in the preparation by important committees of their work in advance of the opening of congress.

To some it may seem that the rules of the house present the best explanation of the speed of legislation but on the other hand, the debate over the tax bill showed that partisan differences had been pretty well ironed out in committee. As for the appropriation bills nowaday the budget director having gone over them with a fine-tooth comb there is little chance for modification in an economy sense.

Though the senate has done nothing striking in legislation thus far, its members have by no means been idle. The troublesome question of committee organization has been disposed of satisfactorily—at least it leaves no opportunity for time-wasting discussion. The calendar has been cleared of a number of private and general bills and the debate on the world court has been started in earnest with every indication that a vote will be taken some time in January, just before the senate finance committee is ready to bring in the tax bill.

Hearings on the tax bill will be closed as it is considered by senate leaders that enough time has been spent by the house ways and means committee in listening to pleas for lower rates. There are certain phases of the bill, however, which may have to be gone over in executive session.

There are numerous letters coming in to individual senators asking that special attention be given to certain

PURE MILK DRIVE GIVEN SETBACK

Withdrawal of Federal Tuberculin Test Aid May Hurt Chicago Campaign.

Chicago, Ill.—(AP)—Chicago's campaign for pure milk, near its goal when the city council voted to bar all milk except that from healthy cows, received a setback when the federal government for financial reasons, suspended its tuberculin cattle tests.

Withdrawal of the government tests, however, will have only a slight effect on the situation, says Dr. H. N. Rundersen, health commissioner. Chicago can go outside of the regular milk district to get all the tested milk it needs.

The city ordinance, effective next April 1, requires that each farmer shipping milk into Chicago must have a county or federal veterinary's certificate showing condition of his cows. Dr. Rundersen is directed to enforce it.

Dr. J. J. Lintz, federal inspector in charge of tuberculosis eradication in Illinois, said federal agencies could not assume further obligations for indemnity for diseased cattle.

The government has been paying a part of the indemnity under a plan of cooperation with the states, but he said Illinois served notice that it would no longer be financially obligated for the federal share.

GET-RICH-QUICK BROKERS IN LONDON GIVING EMPLOYEES HUGE CHRISTMAS BONUSES

London—(AP)—Rubber brokers are beginning to retire with well filled pockets, and the public is wondering whether they foresaw a collapse of the boom and are standing from under.

Bais and Rogers, who have announced they are decided to close down their business, have been in rubber brokerage for less than four years and are said to have made 1,000,000 pounds in profits. Several other firms say they will retire with the end of this year. Bais and Rogers have often handled more than 2,000,000 rubber shares for as many as 2,000 customers in a single day.

Among those who are least perturbed over the American attacks on the British rubber policy are the staffs of the brokers who have minted fortunes. It is the custom of many brokers to give Christmas bonuses to employees in proportion to their yearly profits. The Daily Mail says one firm is giving each employee a bonus equivalent to one year's salary while sums ranging from 10 to 100 pounds each are common.

POPE CLOSES DOOR TO END SACRED YEAR

More Than 3,000,000 Catholics Make Pilgrimage to St. Peter's in Rome

Rome—(AP)—Pope Pius XI, picturesquely clad in pontifical robes of rich medieval design and surrounded by ecclesiastical dignitaries, Thursday performed the ceremony of closing the holy door of the basilica of St. Peter, the mammoth mother church of Catholicism.

The ceremony officially brought to a close the year of penitence and pardon especially marked on the Catholic calendar once every quarter of a century.

The holy door had remained open since one year ago Thursday, when the pope was the central figure in a similar opening ceremony. Since that time more than 3,000,000 Catholic pilgrims from every corner of the world have crossed the sill and kissed the door posts of the sacred aperture as a sign of devotion and humility. Most of them likewise kissed the celebrated fisherman's ring on the right hand of the supreme spiritual leader and received medals commemorating the holy year from the pontiff's own hands.

Cardinal Hayes of New York was a prominent figure among the cardinals at the ceremony. Several thousands of pilgrims, together with multitudes of Romans, were occupying high positions of state and members of the historic Roman aristocracy, composed the 70,000 persons who filled the great basilica and its massive portico to hear witness to the time honored solemn ceremony. Other thousands without number congregated in the spacious St. Peter square.

Except for the touch of modernity lent by the lay participants, the ceremony Thursday was an exact reproduction of the first holy year ceremony of 1300 when Dante and St. Francis of Assisi were numbered among those present.

AGED MAN FALLS OUT OF BURNING BUILDING

Milwaukee—Albert Last, 70, was found just outside his burning home Thursday morning. Apparently the aged man, who was removed to a hospital, found the only avenue of escape a window and in his efforts to climb to safety fell. He was unconscious when found.

STATE CAPITOL CLERK IS KILLED BY AUTO

Madison—Michael Kurz, 67, a shipping clerk employed at the state capitol, was killed late Wednesday when he was struck by an automobile.

DOCUMENT EXCUSES RUSSIA OF BLAME FOR STARTING WAR

Stanford University, Calif.—(AP)—A copy of the minutes of meeting of Russian ministry held on July 24, 1914, which shed new light on the part Russia played in the stirring events preceding the World War, has been found in the Hoover War library here and has been translated by Herbert C. Binkley, reference librarian.

These minutes, which Mr. Binkley says have not been cited in all the ten years' efforts to fix responsibility for the war, show that Russia instead helping to precipitate the war by urging Serbia to resist Austria, as has been charged, took exactly the opposite course. They represent Foreign Minister Sarzanov as advising Serbia to refrain from armed resistance and the other ministers as approving this advice.

The document also records that the ministers gave their approval of Sarzanov's proposal to get in touch with the other European powers in an effort to persuade the Austro-Hungarian government to grant Serbia a delay in her reply to Austria's ultimatum resulting from the assassination of the Archduke Francis Ferdinand at Sarajevo. The meeting of the Russian ministry was held on the day after Austria issued her ultimatum.

HOLIDAY SPIRIT ENGULFS CAPITOL AT WASHINGTON

Wheels of Government Machinery Gunned up by Santa Claus and Children.

Washington, D. C.—(AP)—The spirit of Christmas engulfed Washington Thursday, submerging even important affairs of state, as Santa Claus, aided by grownups and children made last minute preparations to be king for a day.

With congress already in adjournment until after New Year's the wheels of government began slowing down today for an almost complete holiday stop of three days. Although the shutdown does not become effective until the close of the days work, several cabinet members slipped out of town to spend Christmas with their families, and hundreds of employees also left their posts.

President Coolidge busy at his desk, left the White House preparations for Friday to Mrs. Coolidge and their children, who are home from college. Nothing elaborate is planned, as they expect to spend the day in seclusion of the executive mansion and to have no house guests. There will be a White House Christmas tree, however—one shipped from Wisconsin and decorated Thursday—and Thursday night the president and Mrs. Coolidge expect to take part in a Christmas eve ceremony at a community tree planted south of the treasury.

The president, at 6 o'clock will press a button lighting the tree, and he and Mrs. Coolidge expect to remain for the singing of several Christmas carols. Later in the evening the choir of the First Congregational church, which they attend, will call at the White House to sing carols, among them "Bells of Christmas," composed by Dr. Jason Noble Pierce, the pastor, and dedicated to Mrs. Coolidge.

WHEAT CROP SOWN IS 1 PER CENT SMALLER

Washington, D. C.—(AP)—The area of winter wheat sown this fall is 39,340,000 acres which is 1 per cent less than the revised estimate of 39,955,000 acres sown last fall, the department of agriculture Thursday announced.

The sowings in the fall of 1923 were 38,664,000 acres, and in the fall of 1922 they were 46,103,000 acres. Winter damage during the last 10 months has caused an average abandonment of 10.9 per cent of the acreage sown to winter wheat. The abandonment has ranged from 1.9 per cent to 23.9 per cent in different years during that period.

The condition of winter wheat on Dec. 1 was 82.7 per cent of a normal, compared with 81.0 a year ago 83.0 two years ago, and 84.9 the ten-year Dec. 1 average.

The area sown to rye is 3,426,000 acres, which is 15.2 per cent less than the revised estimate of 4,058,000 acres sown in the fall of 1924. The condition of rye on Dec. 1 was 53.8 per cent of normal compared with 57.3 a year ago, 59.9 two years ago and 58.7 the 10-year Dec. 1 average.

SUTHERLAND NEW ALIEN PROPERTY CUSTODIAN

Washington, D. C.—(AP)—Howard Sutherland, former senator from West Virginia, was appointed Thursday to be alien property custodian. Sutherland, who is a Republican, succeeded Frederick C. Hicks, of New York who died here several days ago. The new custodian served two terms in the house of representatives and one term in the senate, retiring from the latter body in 1923. He was engaged in the coal and timberland business before entering congress. He was born at Kirkwood, Mo., and is 60 years old.

Pennsylvania Deposits State Funds to Save Banks in Mining Regions

PRIESTS URGE PARLEY

Clergy in Anthracite Territory Plead for Resumption of Negotiations

Harrisburg, Pa.—(AP)—State funds are being deposited in banks of the Pennsylvania coal fields to take the place of savings drawn by the miners. Samuel S. Lewis, state treasurer Thursday said this is being done as far as possible in both the anthracite region where mining operations have been at a standstill since September and in the bituminous section.

Although the treasurer did not disclose how much state money has been placed in the banks in the mining communities, he said approximately \$5,000,000 has been deposited in institutions in various counties in the state with special attention to coal producing counties.

ROB PAYROLL

Pittsburg, Pa.—(AP)—The Christmas payroll of the Pittsburg Terminal Coal company, \$47,500, was taken Thursday from the pay car by six armed men at Mollenburg, a mining settlement near Pittsburg today. The robbers made their escape in an automobile. The bandits shot L. L. Gump, a guard, in the abdomen. His condition is critical.

Lower Jinton, paymaster for the company and Gump and another guard had just alighted from a special Pittsburg and West Virginia Railroad pay car to go to Mine No. 3, nearby when the robbers drove up. The bandits opened fire immediately. One of the robbers jumped from the machine to take the cash containing the payroll and then returned to their car. As the robbers drove away, they fired a parting volley of shots at Hutton and the guard.

ASK NEW PARLEY

Scranton, Pa.—(AP)—A new move to end the anthracite strike has been made by 16 Catholic priests, who claim they represent a pastoral capacity 85 per cent of the anthracite miners and who assert that a great majority of the men are tired of the suspension and desire to return to work pending settlement by arbitration.

In letters to Major W. W. Inglis, chairman of the anthracite operators, negotiating committee, and John L. Lewis, president of the United Mine workers, the priests plead "for the sake of humanity and in the name of the Almighty God" for the resumption of negotiations.

Lewis at his home in Springfield, Ill., for Christmas refused to discuss the letter.

Major Inglis, before the priests' letter was issued, said the operators were ready to meet the miners any time to "negotiate the basis on which the strike can be ended."

"We object only," he added, "to meeting to pass upon certain specified plans for settlement. There can be no negotiations under such circumstances because of the attempt to settle in advance what the conference shall do."

LEWIS AGREES

Scranton, Pa.—(AP)—John L. Lewis, president of the United mine workers, has notified Mayor John Durkan, chairman of the anthracite committee of mayors and burgesses that the miners are willing to meet the operators in conference to discuss any plan for peace, it was learned Thursday.

67 PER CENT OF T. B. VICTIMS ARE UNDER 40 YEARS

Tuberculosis Is Disease of
Youth, County Nurse Re-
port Shows.

Sixty-seven per cent of the Outagamie county people who died of tuberculosis during the past ten years were under 40 years of age, according to a report prepared by Miss Marie Klein, Outagamie county nurse, which recently published in the bulletin of the Bureau of Child Welfare and Public Health Nursing. This report confirms the fact that tuberculosis is a disease of youth, taking its largest toll in the most productive years of life. Approximately 50 per cent of those who died were between 20 and 40 years of age, the report showed.

The table given in Miss Klein's report showed the following deaths: under 10 years of age, 9 deaths; 10 to 19 years, 26; 20 to 29 years, 71 deaths; 30 to 39 years, 62 deaths; 40 to 49 years, 22; 50 to 59 years, 28 deaths; 60 years and over 28 deaths, age not given, 1 death.

Mrs. C. O. Hochhauser, director of the Christmas seal sale in Appleton commented on Miss Klein's report and said that if the average man or woman could go to Riverview sanatorium and see the young girls and boys living month after month fighting this great white plague, the Christmas seal sale would surely go over the top. The money raised from the sale of the little stamps is used to fight tuberculosis. The woman's club which conducts the seal sale in Appleton, besides part of the funds and uses the money to conduct free chest clinics, the purpose of which is to discover the unknown and unsuspected cases of tuberculosis while there is still time to cure them and prevent spreading of the disease.

CITY HALL IS CLOSED UNTIL MONDAY MORNING

All offices in the city hall closed Thursday afternoon for the remainder of the week and will not resume until Monday morning. At that time the building will be a busy place because taxpayers will come.

Mayor John Goodland, Jr. decided that very little business would be transacted Saturday morning and therefore granted the extra half day. The city hall is closed at noon Saturday and the employees were not asked to return for the short period between. His decision also was influenced by the fact that the offices of the city clerk and treasurer have arrangements of work to accomplish before respective starting Monday, and the clerks can work all day Saturday behind closed doors and better accomplish their tasks.

COURTHOUSE EMPLOYEES GET THREE-DAY REST

Offices in the courthouse will be closed Thursday evening and will be reopened until Monday morning, Dec. 28. As they are only open Saturday mornings, and there is seldom much business to be transacted that day, after Christmas it was decided to close this extra half day, thus allowing the employees a complete vacation. Many of the county offices will attend the funeral of Mrs. William Bohan. The county board will attend the funeral in a body.

SCHNEIDER GIVES TALK AT T. & L. MEETING

Congressman George J. Schneider, who arrived in the city Wednesday afternoon from Washington, D. C. to spend the Christmas holidays, addressed Appleton Trades and Labor council at its regular meeting in the evening at Trades and Labor hall. Practically no business was transacted at the meeting.

Mr. Schneider described the session of congress which opened earlier this month. He explained some of the new laws that are being introduced, especially the tax measures. He also spoke of the organization of committees in the house for this session and the outlook for enactment of progressive legislation.

ASSISTS ALIENS TO FILE THEIR PETITIONS

George N. Danielson, United States Naturalization Examiner of St. Paul, will be at the courthouse next Monday, Dec. 28 to assist in filing petitions for citizenship. He is spending the holidays in Appleton.

The examiner is now on his eighth year with the federal government. During his service he has seen 9,566 citizens added to Uncle Sam's family. Upon his objections, the courts have refused citizenship to 1,072 aliens.

In order about the St. Paul office in various courts, Mr. Danielson has traveled 122,935 miles, or about 2 1/2 times around the world.

MITCHELL OFFERED JOB AS DIRECTOR OF AERIAL LEAGUE

Washington, D. C.—(P)—Colonel William Mitchell, sentenced by court martial to five years suspension from the army, has been asked by the Aerial League of America with offices in New York to become its general director and to supervise the organization's plans for airways development. A letter addressed to the colonel by Henry Woodhouse, president of the league, said the colonel's services were sought in connection with plans for establishment of 34 airways, and to build the first two "air cities" in the world on land already purchased for the colonel for the purpose. Colonel Mitchell is expected to decline the offer.

OUTDOORS WILL CLAIM SCOUTS

Plans Are Arranging Camp-
ing and Hikes for Holiday
Vacation.

Outdoor activities for the holiday period are being outlined by Paul O. Keicher, executive of Valley council, Boy Scouts of America. He has asked scoutmasters to notify him if any scouts are ready for outdoor tests and will arrange to conduct the examinations next week.

Troop No. 3, Menasha, has its plans all outlined. The boys will go to the troop cabin on the east shore of Lake Winnebago for a 3 day stay, beginning Monday. They will engage in fishing, canoeing, hiking, and swimming. The troop will be in charge of A. J. Juhola, Jr., scoutmaster, and William Kellett, Menasha. Mr. Keicher will spend part of the three days with the troop.

It is possible that troop No. 2 of the First Methodist church here, directed by Dr. G. W. Carlson, will spend a day on an outdoor hike. Archery is to be introduced among the scouts by Mr. Keicher as a means of developing handcraft and skill. He has arranged to obtain bows for the scouts, and the scouts will practice on the lawn and the woods and feathers to the sports. Practice in marksmanship then will be conducted. It is Mr. Keicher's aim to have a number of scouts obtain merit badges for archery.

TWO AUTOMOBILES ARE DAMAGED IN COLLISION

Two trucks, one owned by the W. S. Patterson Co. and the other by Peterson and Rehbein, were badly damaged in a collision on the S. Ouedaist bridge about 10:45 Thursday morning. The Patterson truck driven by Theodore Natrop, was going north on the bridge, and a truck owned by the Wheeler Transfer Co. of Neenah heading south had stopped to let the Patterson truck pass before turning left on the North Island road, when the car owned by Peterson and Rehbein, and driven by Peter Dietzen, shot out from behind the Wheeler truck and crashed into the machine driven by Natrop. No one was injured.

HI-Y BOYS ENTERTAIN AT COUNTY SANATORIUM

Eighteen members of Appleton Hi-Y club traveled to Riverview Sanatorium Wednesday evening where they entertained the patients with a Christmas program. The club members perform the service annually. A program of Christmas songs by the club quartet was the feature of the evening's entertainment. Members of the quartet are Glen Ompnerman, first tenor; John Cullen, second tenor; Harold Eddy, first bass; Andrew Montgomery, second bass.

John W. Pugh, club leader and boys' work secretary of the association, read a Christmas story, the gift of the Magi, and a group of humorous stunts by club members concluded the evening's program. Edward Blesman was in charge of the program.

"FAST SET" IN CONGRESS SETS TONGUES GOING

Congressmen Find It Difficult
to Keep up With Fast Pace
on \$10,000.

BY CHARLES P. STEWART
Washington — One hears quite a bit about the congressional "smart set." Also, it's referred to sometimes as the "fast set." One can get into it, too, at a price. It isn't particularly exclusive, but it's pretty expensive. That's why it's mainly purely congressional. Washington's permanent officialdom isn't well enough paid to afford such society.

A good many congressmen can't very well afford it, either. To be sure, they're paid \$10,000 a year now, as compared with only \$7,500 last session. It's quite a difference. Still, the "smart set" appears to be living up to it. Maybe rather more so. A few rich men set the pace and it makes the others hump to keep up with it.

"Sound and so ought not to keep the company he does—It's too swift for his bankroll." One hears that remark a lot of times. They say there are congressmen whose credit's none too good at the department stores. Ten thousand a year isn't enough to maintain an otherwise impeccable "smart set's" smartness and pay ordinary bills with likewise.

Of course a great many congressmen—doubtless a large majority—lead very staid and quiet lives at the capital, or out in the suburbs. It's the "smart set," however, that's most noticeable. The folks back home would open their eyes if they could see some of their representatives enjoying themselves in Washington.

The very fact that the "smart set" away from home probably is one of the main reasons why it's so "smart"—even snappy. A certain type of persons of impeccable decorum in the midst of restraining surprising such influences. Nearly everybody's a little that way.

The congressional "smart set" consists of lower house members principally. The senators are older men on an average, for one thing, and their wild oats are all in, if they ever sown any. Then again, there's a kind of majesty about a senatorial job that doesn't attach to a representative's, and it has to be lived up to.

Yes, a representative can go in for more or less frivolity if he chooses, without detracting from his dignity. Some do choose. What's the "smart set" like? Well, the Scott divorce case gave a little peek behind the curtain. Nothing so very dreadful—nothing to justify a divorce decree, as that case demonstrated. But peppy. There is plenty of entertaining, which is perfectly harmless, but it punches holes, if done extensively, even in a \$10,000 income. There are rumors of poker parties, for penny ante on up to quite imposing figures. Poker's illegal also—at any rate in the district of Columbia—but only mildly so, if it's amateur.

Now, don't anybody make the mistake of assuming that the congressional "smart set" and Congress are identical. It's specifically stated that numerous congressmen don't belong and that outsiders can and do get in, if they want to, are congenial and can stand the financial racket. Washington's a gossip place anyway.

The men's division of the Y. M. C. A. will be open Christmas day, according to association officials. A secretary will be on duty all day. No other department of the building will be open, however.

Chickering

ESTABLISHED 1823

THE RIGHT SIZE for your home

THIS beautiful instrument is the Chickering Quarter Grand. Its lines are delicate and graceful, and it is small enough to look well in a room of modest proportions.

Yet within its case one finds all the emotional beauty of the Chickering Concert Grand—all the qualities for which the greatest artists have for generations loved and revered this mighty instrument.

We shall be delighted at any time to show you this charming model. And there are many other designs that may interest you.

Comfortable monthly payments with a small cash deposit make it easy for you to own a Chickering immediately. Your old piano accepted in exchange.

Merry Christmas To Patrons

May Old Santa come to see you,
Good fortune be your friend,
And Christmas Day bring unto you
The best the times can lend.

\$900 Short Of Goal As Good Fellow Drive Ends

Appleton Good Fellows had subscribed approximately \$2,050 to Appleton Welfare council up to noon on Thursday. The campaign ends at 1 o'clock Thursday afternoon and there was a hope that at least \$50 more might be received so that the total would reach \$2,100. This figure is \$900 less than the amount required by the Welfare council to carry on its work among the poor of the city and \$275 less than was given last year.

The final publication of the Good Fellows list will be on Saturday. Appleton Welfare council is intensely grateful to those people who have responded to the appeal of the poor this year. Their money will be used for the purpose it was given and not a cent will go into administration or for any other purpose.

Three Day Vacation
Employees of the Aid Association for Lutherans home office will have a three day Christmas vacation, as the office will be closed all day Saturday. The reason given by officials for the Saturday closing is that second Christmas day services will be held in all the Lutheran churches, and that it would not be worth while to reopen for only half a day over the holiday week end.

NO CHANCE FOR MITCHELL
The talk about running Col. William Mitchell for senator in Wisconsin is logical. It is the usual reaction in a case of this kind, for the opportunity of winning an election always appeals to politicians, and the place to obtain vindication is at the polls. Naturally, there is a scramble among the factional leaders of Wisconsin to draw the colonel into their respective camps. It makes little difference what he stands for, or what his views may be on public questions, the main thing is to get him to consent to accept certain party label. Both the Old Guard Republicans and the Democrats have been looking wistfully in his direction; a recent Democratic candidate for senator is enthusiastic in the praise of his Democratic convictions. Everything is shaping itself for his "capture" as a Democrat, when a leading member of the party, John A. Cadigan of Superior, dashes a bucket of cold water on the incipient flame. He does not believe anyone can be elected to any office in Wisconsin without the La Follette label. "Wisconsin is La Follette crazy," he is quoted as saying. "Abraham Lincoln himself couldn't get elected to anything in Wisconsin if he came back unless he had the La Follette label." If Mitchell wants to become senator he should get the La Follette label and he will be elected sure."

Mr. Cadigan is correct in his main premise but of course Colonel Mitchell cannot get the La Follette O. K. That has already been given to Governor Blaine. If he wishes to run for the senate he must run either as a Republican or a Democrat. There being no longer a distinction at Washington between "regular" Republicans and La Follette Republicans in Wisconsin, Col. Mitchell would better wait and keep his powder dry. Young La Follette has the endorsement of the national Republican machine at Washington, and that, of course, is equivalent to an endorsement of Blaine's candidacy. There is no occasion for any other Republican candidate in Wisconsin. Everybody is a Republican in Wisconsin except a Democrat, whether he is for La Follette or against him. There are enough La Follette candidates to fill the principal offices for years to come, so it is useless for others to apply. If Col. Mitchell wishes merely to run he should accept the Democratic nomination. If he wishes to be elected he should not run at all.

BENIGHTED WISCONSIN
What Chicago is thinking of Wisconsin just now must be plenty.
When Wisconsin authorities sought to extradite John Davis, by a, by, by the confessions of three men, had engineered, even if he had not actually committed, robberies in Wisconsin with a total loot of \$10,000, his attorney and Governor Ben Smith agreed that it was an unreasonable request.
When a pervert murdered a Wisconsin boy and admitted it, he was sentenced to life and twenty years within 48 hours, without even an inquiry as to whether he had eaten grapefruit with a knife when a lad of ten, or had been discovered out of breath after running upstairs.
And now, just because James Gunn, of Chicago, told the court that Joe Davis, charged with aiding in the Shullsburg bank robbery, had slept with him every night during the month of June on a single cot

in a seven foot room which the register shows he did not occupy until August, the state of Wisconsin has charged him with three counts of perjury.
Evidently the hinterland of Wisconsin has not assimilated the new rules of the game of "courts" as it is played between lawyers in Chicago. Wisconsin seems to cling to a quaint old notion that a guilty man should be punished, even if defense testimony does all but canonize him.
In fact, there may be a grave possibility that if we don't discard this old-fashioned idea our visitors from Chicago won't play with us any more.

A DUTY TO PEACE
It is officially announced from Washington that President Coolidge is working on a reply to the League of Nations invitation to a preliminary disarmament discussion in an effort to find a way to accept. We do not doubt that he will find the way. It was stated at the White house that the president's stand was "of a constructive and affirmative nature." This can have but one meaning, which is that the president personally and officially is committed to American representation at the conference, just how he will go about it to provide the representation is the question which is occupying his attention. If he can find a way to send a delegation without asking the approval of congress, we expect he will use it. On the other hand, if he feels it advisable or necessary to go to congress with the proposal, we may expect him to vigorously support it in a special message. Mr. Coolidge is not yet informed fully as to the scope of the conference, but it is to be noted that even in advance of this information he has let the country know where he stands.

And why not? What is at stake in the conference called by the League of Nations? Is it not peace, and only that? By no distortion of the imagination can the United States be said to invite any risk or the possibility of any loss by attending this conference, and throwing the weight of its influence on the side of disarmament. It may be possible that under an agreement finally drawn up, the United States itself would not be directly involved. In all probability it would not, for its military establishment is small. The need of disarmament is in Europe, and incidentally in Japan. Whatever we can do to promote a reduction of the top-heavy armies that the recent belligerents are still supporting, to their great social, industrial and economic injury, we are in industrial and economic injury, we are in erate to our benefit quite as much as to theirs if we permit material considerations to enter.

However, we should serve Europe in this respect without any thought of gain through its business revival. We should do it for the great moral purpose of encouraging better understandings among European nations and for the supremacy of peace. Europe is at the parting of the ways and its peoples are ready to live peacefully and amicably together if the right statesmanship and vision are thrown into the scales on the side of their aspirations. Europe in some quarters is still groping for the light, and for ground on which it can firmly plant its feet. Confidences of the character to be held this year on the invitation of the League are the kind out of which these desiderata are realized. It is possible to run war out of Europe. The United States can help in the undertaking as no other disinterested nation. Europe is ready to listen to our advice and to our leadership. The opportunity of serving Europe is tremendous in its consequences. We can serve the traditions of our own national life in no better way than by responding to this call.

TODAY'S POEM
By HAL COCHRAN
CONTINUED
Consider the poem, story that runs in the paper each day. You read, and you're right in your glory, as page after page turns away. Each night, as you're about to sleep, you'll pick up your paper and read. You know that you're going to be treated to fiction, and it's right; you're right.
A charming young man is the hero. Of love scenes he gives you your fill. The villain of course is just zero, and yet he's inserting the thrill. He's craving the heart of the maiden, and posters her nearly to death. Of troubles, with which she is laden, you read—then you come up for breath.
The plot of the story gets thicker, as each stellar part has its fling. Your pulse starts to beat a bit quicker as scandal breaks into the thing. You fear that the hero is losing. The villain, though crooked, is wise. You wonder which man she'll be choosing. You're anxious to open her eyes.
And then, the installment is ended. "Continued" is always the thing that thrills you, with interest suspended, at what the next chapter will bring.

Health Talks
BY WILLIAM BRADY, M. D.
Noted Physician and Author
Dr. Brady will answer all signed letters pertaining to health. Writer's names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

CONSISTENCE ABOUT RESISTANCE
The last prop under the great cold bogey is this concession of the old timers: "Germs cause the respiratory infections, of course; but beware, slimps, lest some draft, a wetting of your feet, or maybe the forgetting of your heavy underwear, lower your resistance." This is, I think, a fair representation of the present position and teaching of a majority of health officers and doctors who dare to express an opinion one way or another. I have contributed just one word to the formula, the word "slimps," for surely it belongs there.
This beautiful nineteenth century theory of lowered resistance appeals to the popular mind even more strongly than it did to the empirical medical mind when it was first invented. It was originally trumpeted up when the doctors and health authorities had to acknowledge that the respiratory diseases they formerly ascribed wholly to cold and exposure are in reality caused by infection. The newer knowledge of the nature of these diseases taught the old timers in an awkward predicament. They just couldn't come out frankly and say "Awe were all wrong, entirely mistaken." They found it much easier to compensate by inventing the "lowered resistance" theory. With this acting as a decoy they were able to keep right on warning the simple people against "undue exposure" such as leaving off your 20 mile town undies on a warm day or putting your feet wet anywhere except the bath tub. I am not trying to be facetious about this, but I charge actual warnings issued by health officers of great American cities within the last two years.

Tests Are Always Disappointing
A great deal of experimental work has been carried on in recent years by experts who hoped to obtain some scientific evidence that exposure to cold or wet does render animals or men more susceptible to respiratory disease. I have reported here the most important findings of this kind, and I now repeat the challenge I have made before, namely, that one can produce any evidence from properly conducted experiments upon animals or men, to support the notion that exposure to cold or wet "lowers resistance" or renders animal or man in any way more susceptible to any respiratory diseases. As a matter of fact the reports made by the research workers who have carried on these experiments are usually a disappointment, and so they are forgotten as soon as they are published. Until some one can dig up such evidence—and of course this does not mean the recital of yarns about how you imagine you took cold—there is but one sensible, logical position to take, which is that whoever takes cold seriously likes to hunch or be humbugged.

QUESTIONS AND ANSWERS
Schools Suppress Physiology.
Is not digestion a safe remedy for one to take to help digestion? Is it one you could introduce? (S. R. E.)

Ans.—If the common schools were not in a constant war with the great nostrum and quick interests to keep the public ignorant of physiology, foolish questions like this would never arise. No phylax or salts helps digestion; all such drugs rather impede or retard or impair digestion.

Deodorant
Please tell me what to use as a disinfectant for an outside closet in the country. This season we used chlorinated lime, but it did not entirely eliminate the odor. We used it dry. (P. J. H.)

Ans.—Chlorinated lime is perhaps the best thing to use for the purpose. The preparation you employed may have been weak or deteriorated. Usually, the can when first opened should have a moderate chlorine (pinkish) odor, not a very intense odor. Instead of using the dry powder, better results are obtained from a solution of about 50 pounds of the chloride of lime in the gallon of water. Common lime such as masons use for mortar is also a good deodorant and disinfectant for such use, either the dry quick lime (unstacked) or the form of a milk of lime prepared by slaking the lime with from four to eight times its volume of water to make a milky cream. This should be used in amounts about equal to the amount of excrement to be disinfected or deodorized.

Positively
Is it wrong to give castor oil to a baby? I always thought this was the correct laxative for a baby. (Mrs. W. T.)

Ans.—Only when the doctor orders it. A great deal of harm is done by ill advised plying of infants with castor oil without just cause or provocation.

LOOKING BACKWARD
25 YEARS AGO
Thursday, Dec. 27, 1900
Col. Henry B. Harshaw, one of the best known men in Wisconsin, died shortly after noon on Christmas day at the home of his daughter, Mrs. T. A. Hay in Milwaukee. He had been a resident of Oakdale.
Ten cases were on file at Justice Cook's court today. One was an abusive language case, while the other was a petition for a peace warrant.
Word was received here that Alex May, who had been in the Klondike for the last three years, was in a hospital seriously ill.
Local residents reported that two large and fierce wildcats stood last night in the glare of the headlights of the 9 o'clock interurban car at the switch near Waverly resort.
Miss Alice Rogers of Appleton, and the Rev. Arthur Irving of California, were married at Los Angeles Saturday noon, according to word received here.
A. G. Gafes was the only employee of the North-western road in Appleton who was entitled to pension for his long years of service.
The water power on the Fox river continued to be unusually good for the Fox river country.
The two railroads entering this city were handling a vast amount of freight at this time.

10 YEARS AGO
Thursday, Dec. 23, 1915
Twenty thousand pounds of carp was shipped from Menasha by the American Express yesterday, bound for New York.
Two candidates were inflated at a meeting of the Womens Catholic Order of Foresters last evening.
The Red Cross seal campaign in Appleton thus far had aggregated about \$175, slightly less than a year ago, according to William Ichn, director. The high school girls' club sold about 4,000 of the little stamps.
The biggest mail of the rural free delivery service at the local postoffice was handled by the carriers yesterday.
Charles Pose won five prizes on his Rose Comb Rhode Island robs which he exhibited at the Plymouth poultry show last week. He took second and third places on cock, first and third on hen and fifth on cockerel.
James Sherry, one of the best known carpenter contractors in this city, died early last night in a hospital in Minneapolis.

CHRISTMAS GIFT HINTS
Dear Mr. Santa Claus: The little boys named below want to let you know that they have been good little boys for a whole year and won't you please remember them with a nice gift? Here are a few suggestions for you in case you have stripped the gears in your noodle.
FOR MAYOR GOODLAND—One brand new city hall with a nice front lawn for tourist camps, a purpose, a back entrance for county government departments, a play room for five department boys, plenty of shelf space for police flippers, a chemical laboratory for garbage disposal, a gymnasium for temperamental street department vehicles, smoking quarters for the committee of the whole and rest room for the clerk.

FOR CHIEF PRIM—A punch clock system for indeterminate policemen, a whistle for 12-hour-a-day shifts, an automobile cavalry, a police magistrate's court, a broadcasting set with which to warn helpless merchants against the wiles of check artists, life membership in the Elks club and a safety razor.

FOR ALDERMAN STEINHAUER: Job as executive manager of the garbage disposal plant, several bridges to give away in place of election cigars, a K. K. K. uniform, a Kosher Christmas dinner, more capacity for his draying apparatus, a new seven-jewel 14-carat diamond major's stick, a bottle of liniment for use after volleyball practice.

FOR JUDGE HEINEMANN—A toy motorboat, a rubber insulated room for target practice in winter indoor golf, a position in the Appleton vocational school as instructor in cartooning, a radio set receiving fish stories he has never heard before, a five-acre dog kennel.

FOR JOHN HANTSCHKE—A pump handle for election campaigns, no more changes in the school superintendent's office to bother about, a new era of good will and goodfellowship between young people resulting in increased business relations with marrying persons, American Legion prize hens that lay golden eggs.

FOR AL KOCH—First on the annual ninnyards' roster of the happy hunting grounds this side of eternity, seven carloads of mistletoe for distribution among languishing old maids, a perennial blooming cigar tree, and an old people's home for superannuated county officers.

FOR OFFICER RADTKE—A pair of kid gloves with which to greet incoming tourists at the city limits sign.

FOR EARL ROGERS—Also a pair of gloves with which to say "good bye" to all comers.

FOR SQUAW POCAN—Five contracts with newspaper syndicates for writing a series of articles on How Not to Pitch.

FOR MAWRUSS—A die to test the accuracy of his bowling in comparison with that of Jumble Smith.

FOR DET-DASH-DAVE—Six more basketball leagues to cover this winter.

FOR ROLLO—Well, what have you?

ROLLO

"Bethlehem"
A Christmas sermon prepared especially for the Post-Crescent by Dr. H. E. Peabody pastor of the First Congregational church.
"There was no room for them in the inn." (Luke 2:7).
"There's a song in the air, there's a star in the sky
There's a Mother's deep prayer, and a baby's low cry;
And the star rains its fire, while the beautiful sing
For the manger of Bethlehem cradles a King.
In the light of that star lies the ages impaired.
And that song from afar has swept over the world.
Every hearth is aflame and the beautiful sing.
In the homes of the nations, that Jesus is King."
Then how strange that on the night of that royal birth "there was no room for them in the inn." No one meant any harm that night at the crowded inn. It had been a busy day in Bethlehem. Many travelers were there at Caesar's command, to be enrolled in the census of Rome's vast empire. How could they be expected to make room for the pale and tired traveler with her beautiful eyes, out there in the street, or for her anxious husband. No, there was no room. They were crowded out. And away somewhere in an obscure corner, while the affairs of the great empire swept on unheeding while the bustling inn was all absorbed in its thriving business, a little babe came to these travelers that night. A little stranger, doubly a stranger in this rough old world.

A SAD STORY
You know the sad story of after years that followed, foreboded by this exclusion from the inn; how he came into his own and his own received him not. He had not where to lay his head. After the cross, a borrowed tomb.

Yet there is another beautiful story within that story, from beginning to the end, and it begins in all its beauty. There was one little place in the cold world where the little stranger was welcomed—in Mary's arms, in Joseph's heart. He was made at home. Let us never forget to venerate their memories for that; nor to fail to rejoice in the blessing that came thereby to their home and to ours.

Home has been a different, a diviner place since that night in Bethlehem. Think, if only for a moment, what that home meant for our Lord and for us. For Himself it was a loving shelter, else He had perished; it was a home for the Little Stranger while He grew strong, strong enough to go out at last and bring the world home to God.

And for Mary and for us it meant—oh, so many things—and among them this surely, the sacredness of childhood.

Mary discerned the divinity of her child. She heard the angelic voices which told that her boy was from God and would be the Saviour of men. She brooded on the mystery that she was holding God's greatest champion folded in her arms, for Him.

TRANSFIGURES CHILDHOOD
And the Holy Family has made our families holy. The little stranger of Bethlehem has taught us that our boys and girls are children of God. After Him our poet sings, "Trailing clouds of glory, do they come from God who is their home."
And in the three score little years and ten they return to God who is their home. They are the Pilgrims and the strangers here, yet "Heaven lies about them in their infancy." We give the little strangers loving shelter for a while, until they too become

There are 3 classes of people in Appleton and vicinity to whom we extend our Merriest Wishes—
The 1st; are the folks who purchased Schmidt gifts to give to somebody else.
The 2nd; includes the somebody elses who received gifts bearing our label.
The 3rd; are the men who did not receive or send a Schmidt present.
TO ALL — our smilingst wishes—with emphasis on the 3rd class who need them more than the other two.

Q. What is the membership of a stock exchange? N. P. A.
A. On October 23, 1925, the membership was increased from 1100 to 1118. In 1889 there were only 533 members.
Q. How does the seating capacity of all the theaters in Chicago compare with that of New York City? M. P.
A. In Chicago, there are 361 theaters, with a total seating capacity 285,920. In New York City there are 741 theaters, seating 747,567.
Q. Is the Mardi Gras celebrated Rio de Janeiro? C. R.
A. This city leads South America in its enthusiastic celebration. This year's date is February 13-16 inclusive. During such a period, business is practically at a standstill, while gaiety and mirth reign.
Q. Is it possible for the crew of a submarine to escape from the vessel while submerged by opening the conning tower? C. H. W.
A. The Navy Department says that as a means of escape from a submarine the crew climbs into the conning tower and lets in air to the amount which creates a pressure greater than that outside. The conning tower is then opened from the side and the pressure is so great that it shoots the crew out of the conning tower.
Q. What was the weight of the shell used in "Big Bertha"? R. E.
A. The length of the gun was also 50 calibers, and its bore, 210 m. diameter. The shell weighed about 320 pounds, and had a bursting charge of 33 pounds, placed in two compartments, separated by a metal diaphragm. The gun had a striking velocity of 2626 feet per second.
Q. Please tell something about favorite mosaic pictures, and name of M. P. M.
A. Favorite glass is a variety of a vividest enameled glass so-called "Louis Tiffany" its inventor in 1894. A beautiful example of favorite glass can be found in the screen in the lobby of the building occupied by the Curtis Publishing Company, Independence Square, Philadelphia. Maxfield Parrish executed the design. The Tiffany Studios executed the screen.
Q. What material is best for travel in dresses, especially for ocean travel? T. W.
A. If the material chosen by the majority of travelers is also the best, the palm goes to balbriggan or flannel jersey.
Q. Please tell something about Black Beard, the Pirate, J. R. C.
A. "Black Beard" was the nickname given to Edward Teach. He was born in Bristol. The date is not recorded. He probably started out as a common sailor and took to piracy in 1716. He was called "Black Beard" from the length and thickness of his beard. He was killed by an expedition sent out under Lieutenant Robert Maynard.
Q. When was the big Baltimore fire? R. R. G.
A. It took place February 7, 1904.
Q. Who wrote "In Flanders Field"? A. J. H.
A. Colonel John McCrae.
Q. How were the Knights Templar started? W. J. M.
A. At the beginning of the 12th century, nine French knights banded themselves together to protect pilgrims on their way to the Holy Land. They received the name "Templars." In England their first house was built in London about 1121.
Q. Who invented the soft pedal on the piano? L. L.
A. The shifting, or soft pedal, is the invention of a Viennese maker named Stein. He first applied it to an instrument which he called a "Saiten harmonika."

AGAIN TRAMPING MOUNTAINS FOR PRECIOUS ORES

Mining Companies Find It Profitable to Work Over Old Sources in Rockies

Denver (AP)—Prospectors in large numbers again are tramping in the mountains of Colorado seeking precious metals. Mining camps now find it profitable to work grades of ore which a few years ago did not pay to dig from the ground.

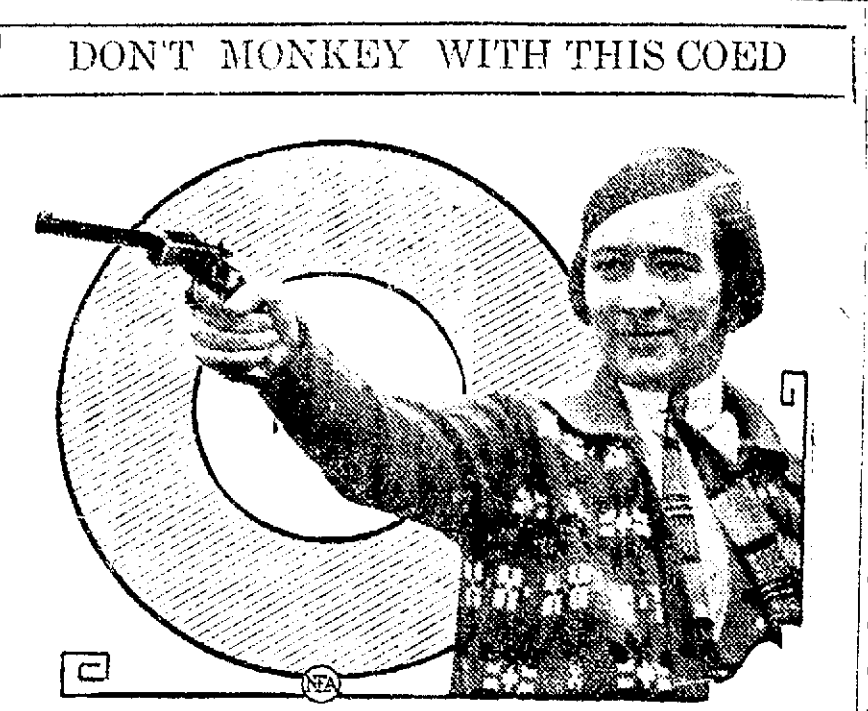

Progress in the science of metallurgy, one of the principal factors in reinvigorating the industry, has caused an increase of 20 per cent over the present amount of metal obtainable from complex ores, while the cost of handling ore has slightly decreased. The rise in prices of silver, lead, copper and even zinc, long considered the "poor relation" among metals, is another factor.

A per cent of the credit for the favorable situation also is given the statesman, Colorado miners declare the fact that Poland was induced by special price concession to use silver coinage, leading to a generally increased demand from other quarters.

was largely the work of American men who used their influence in foreign fields to help American mining. The advance in the price of zinc is attributed in part to the act of Great Britain prohibiting the shipment of zinc bearing ores outside the Empire. The workings of the Dawes plan, they say, has brought an increased demand for copper in Germany.

The discovery that raw limestone will precipitate the copper in copper sulphate without the intermediate aid of iron, which heretofore has been used, has simplified and greatly reduced the expense of extracting copper.

The Cripple Creek gold mining district showed a 17 per cent increase in output of metals in August while the Silverton district's output was 450 tons above July. Recent strikes of new veins has lent interest to the situation.

Officials of the Glendale College for Women, Glendale, O., believe every young woman should know how to use a pistol for self protection. So their students are practicing with target pistols every week. Photo shows Miss Virginia Whitney, of Upper Sandusky, O., drawing a bead on the target.

Mr. Cupid Koch Popular During Christmas Season

Led by their sister employees at the court house, Appleton girls have been preparing their annual pre-Christmas "attack" on Albert G. Koch, register of deeds and dispenser of mistletoe, during the last few days. The "attack" is now a thing of the past, the ammunition of the defendant is depleted, and the majority of the "attackers" it is said, are no better off now than they were before, despite their arduous task.

Sprigs of mistletoe still may be spied above blonde and brunet heads at the courthouse and in offices about the city; but they will soon be torn down again by sad and weary hands, not to be replaced by fresh sprigs until Mr. 1926 comes faltering down the home stretch about 12 months hence.

Mr. Koch's annual order of mistletoe has been received and distributed. It bloomed brightly for several days in many enticing corners of offices and hallways in the courthouse. It is still blooming in a few places, not so prominently or brightly, to be sure, but still blooming. It will continue to bloom, perhaps for a few more days, after which all trace of the annual and romantic deed of the register of deeds will be erased for another year.

For 12 consecutive years Mr. Koch has received shipments of mistletoe and for 12 years he has annually renewed hopes of romance and happiness in the hearts of Appleton's young women. Many recipients of the enticing sprig have been rewarded with success in their great quest, and

S. S. WILL HOLD

YULE PROGRAM

Festivities Will Take Place at Zion Church, Forest Junction.

Special to Post-Crescent

Forest Junction—Christmas exercises of Zion Evangelical Sunday school will be held at 7:15 Tuesday evening at the church. More than 200 members of the school will participate in the service, at which the old Christmas story will be retold in story, song and drama. A large tree, beautifully lighted in colors, will be prominent in the activities.

An offering is to be taken for Ebenezer orphan home at Flat Rock, Ohio. The church is particularly interested in this institution because it is superintended by the Rev. F. W. Huebner, who was born and brought up in this neighborhood, and entered the ministry about 30 years ago.

The Rev. H. A. Franzke, pastor, will deliver a sermon at 10 o'clock Christmas morning.

SCHOOLS CELEBRATE

Other churches also will have special services. Public schools in the vicinity hold exercises Wednesday as students from Appleton are spending their vacation at their homes here.

GOOD GUESSER CAN TELL

MOVIE STARS IN ROME

Rome (AP)—While American film stars are even more popular this season, the uninitiated American

tourist must be an adept guesser to recognize many of their names on the posters.

This is largely due to the fact that in the Italian language "I," "X" and "C" have the same sound and are used interchangeably. Thus one reads the names of such American stars as Fattj, Maj Murrat, Beltrj Blithe, Glorya Svanson, Marj Pkford, Mary Philbin and Maj Mknayov. Douglas Fairbanks, seldom gets his last name used, at least when fans talk of him, due to the fact that Italian custom calls for placing last names first. He is known simply as "Douglas."

Special Cars at 1 A. M. to Appleton, Neenah & Menasha, Cinderella, Xmas Nite.

John F. Otto returned Sunday evening from Milwaukee, where he had visited with his son, Attorney Arnold C. Otto of that city, who recently submitted to a surgical operation at a hospital there.

Mrs. G. H. Schmitt was a visitor at Green Bay Monday.

Mr. and Mrs. George Polyes and children of Brillion, were visiting at the John Seybold home Sunday.

GIVE CONCERT

Miss Alice Burke and Lester Lindemuth, Kaukauna high school seniors, accompanied Miss Flora Heise, supervisor of music in the same institution Sunday evening, as she directed a concert given at the Evangelical church here by the Zion Mens chorus. Mr. Lindemuth contributed a vocal solo, "The Lord Is My Shepherd."

Ira Loefler and family and Miss Sorana Dickvoss, were Appleton callers on Monday.

R. C. Zorn, contractor from Brillion, transacted business here on Tuesday.

Mr. and Mrs. Otto Retzlaff were at Appleton Tuesday.

Otto Luckow and family transacted business at Kaukauna last Saturday.

Miss Lillian Seybold, Oliver Seybold and John Loefler, Lawrence college vicinity held exercises Wednesday as students from Appleton are spending their vacation at their homes here.

Wishing You

Merry Christmas

Do you recognize that young chap with the rosy cheeks and frosty locks and the smile of pure joy who's hanging about these days? That's "Merry Christmas."

There he sits on people's door-steps, whistling away their work-a-day cares till they let him in. He doesn't carry a pack like Santa, but it's his job to bring you the greatest present in the world — Happiness.

If you'll let us we'll do all we can to keep him on his job at your house all the time. For that's part of our job.

So here's wishing you "Merry Christmas."

Dear Friends and Customers

The hours of the Old Year are numbered, the candle burns at both ends and its lingering light, we like to think of things that money cannot buy—your Friendship, Good Will and Loyalty.

In all the world, there is nothing greater than Friendship: nothing better than a Friend to rejoice with you in prosperity and to stand by you in adversity; nothing finer than a Friend who is for you when you are in the right and who refuses to desert you when in the wrong.

And as the Yuletide Season comes again, we wish you unmeasured happiness with the hope that through all the highways and by-ways of the New Year, you will find success at every turn.

MERRY CHRISTMAS! HAPPY NEW YEAR!

Sincerely,

R. L. Herrmann & Co.

MANY NEW BOOKS PUT ON SHELVES OF CITY LIBRARY

Farmers in Nearby Towns Among Patrons of Kaukauna Library.

Kaukauna—Although the Kaukauna free library is strictly a city library, many books are loaned to farmers in nearby townships, according to Miss Bell, librarian. In time Kaukauna may be given county aid for this reason, as at present county aid is being received by Appleton for this same service to the county.

"Kaukauna has not as many patrons of its fine library as it should have," according to Miss Bell, "and the people little realize the number of books we have."

The winter is the season when most books are drawn from the library and the number drawn now exceeds the summer circulation by about 100 per cent. School children are the greatest users of the library and the Christmas vacation does not make much difference in the number that use the library. The only difference caused by a short vacation of this kind is that it changes the time the children visit the library from about 4 in the afternoon to 10 in the morning and 2 in the afternoon.

The following new books were received at the library last month:

Standard—Little Smoke, Steel—English Fairy Tales, Seaman—Boarded up House, and Sanhrie Signet, Schwaite—Children of the Cold, Schultz—Bird Woman and On the Warpath, Rhead—Budd Robin Hood and His Outlaw Band, Rankin—Cinder Pond, Phelps—Gypsy Brenton and Gypsy's Cousin Joy and Gypsy's Year at Golden Crescent, Paine—College Years, McQuay—Boys Life of Abraham Lincoln and Boys Life of George Washington, Eggleston—Last of the Flat Boats and Long Knives, Doyle—Memoirs of Sherlock Holmes, Boy Mechanics Books 3 and 4.

Bound—What a Girl Can Make and Do, Bishop—Theodore Roosevelt's Letters to His Children, Clewett—Science Demanding the World, Doubleday—From Cattle Ranch to College, Garbhard—Boys Life on the Prairie, Leach—When I Was a Boy in China, O'Shea—The Child, His Nature and Needs, Price—The Land We Live In, Slocum—Around the World in the Sloop "Spray", Slosson—Chats on Science, Zollinger—Widow O'Callaghan's Boys, Lincoln—The Missing Initial.

KAUKAUNA LUMBERS

MISS NAGEL FAR IN LEAD IN CITY POPULARITY RACE

Elsie Paschen Has Lead Over Rural Girls Seeking Merchants' Prize.

Kaukauna—The last count of votes in the Kaukauna Business Men's popularity contest shows that Miss Elma Nagel is far in advance of her nearest competitor, Miss Helen Burns. Miss Nagel is leading at present with 68,045 votes while Miss Burns is second with 44,873. Next is Miss Velma Homan with 32,210 votes, then Miss Vivian Chizek with 27,765 and Miss Thelma Derus with 26,665 and Miss Vivian Firehammer with 14,940. Miss Firehammer made a big jump the last week from among the last twenty to among the first five. The other five leaders hold the same position as last week. Many surprises are looked for at the final counting of the votes next week. The contest closes Thursday afternoon.

Miss Elsie Paschen still heads list as the most popular girl among Kaukauna's out-of-town readers and Miss Catherine Van Groll is a close second. Catherine Frank has climbed to third place and Miss Ruby Lamers is in fifth place with Miss Irma Lambie in sixth. This contest also will close at 1 o'clock Thursday afternoon.

INSPECTOR PRAISES RURAL NORMAL SCHOOL

Kaukauna—The report of the assistant state superintendent of schools, H. T. Runte, who inspected Outagamie Rural Normal school last week has been received here and, according to W. P. Hagman, principal of the school. Only a few minor changes were recommended and these will be taken care of. This report is filed at Madison and after inspection the school is given its share of state aid. The inspector and his assistants visited the various classes of the school and also looked into various activities of the school. At the close of the school session a meeting of the school board and the teachers of the school was held. At this meeting the assistant state superintendent expressed himself as being favorably impressed with the school and the work it was doing.

TAKE NOTICE
The Seymour Cooperative Exchange Harness Shop will be closed for repairs and inventory from Dec. 28 to Jan. 3, 1926, inclusive.

TWO CHIMNEY FIRES CALL OUT DEPARTMENT

New London—The fire department made two calls to homes in this city Wednesday. The first was at 8 o'clock in the morning, when the department extinguished a chimney fire at the Worby home on Smith-st. The second occurred at 8 o'clock in the evening, when a run was made to the Zallert home, Lawrence-st., where another chimney fire was in progress. No damage resulted in either case. The department made 62 calls so far this year, since Jan. 1. Even providing that no more are made during the balance of the current year, the department believes that it will have gone through a big year.

A preparatory concert will be given in the afternoon for the children.
While driving near DePere Sunday afternoon an automobile occupied by Mr. and Mrs. H. Verkuilen and Mr. and Mrs. Matt Verkuilen and children Donald and Dorothy was struck by a light car driven by a woman. The Kimberly touring car was pushed into the ditch where it overturned. All suffered minor injuries except Henry Verkuilen, who was at St. Vincent hospital at Green Bay with five broken ribs.
Services for Christmas day at Holy Name church are as follows: Midnight mass, 10 o'clock; low masses at 7:30, 8, 9:30 and 10 o'clock, followed by a high mass at 10:30.
Elections of officers took place at

the regular meeting of the Royal Neighbors Dec. 16 at the clubhouse. The results of the election are as follows: Oracle, Mrs. V. Bremer; past oracle, Mrs. E. Caesar; vice oracle, Mrs. A. Schwank; recorder, Mrs. K. Fird; receiver, Myrtle Huntington; chancellor, Mrs. M. Ebens; marshal, Mrs. A. Huntington; outer sentinel, Mrs. E. Willis; inner sentinel, Mrs. R. Willis. Two managers, Mrs. E. Caesar and Mrs. H. Genesee, were also elected. The officers will be installed at the next meeting, Jan. 20, at the clubhouse.

OVERHEATED FLATIRON CAUSES FIRE IN HOME

The kitchen wall of the Charles Neighbors home, 1527 N. Alvin, was damaged when a flat iron set fire to an ironing board about 1:30 Wednesday afternoon. The blaze was put out by the fire department a few minutes after discovery.

STAGE And SCREEN

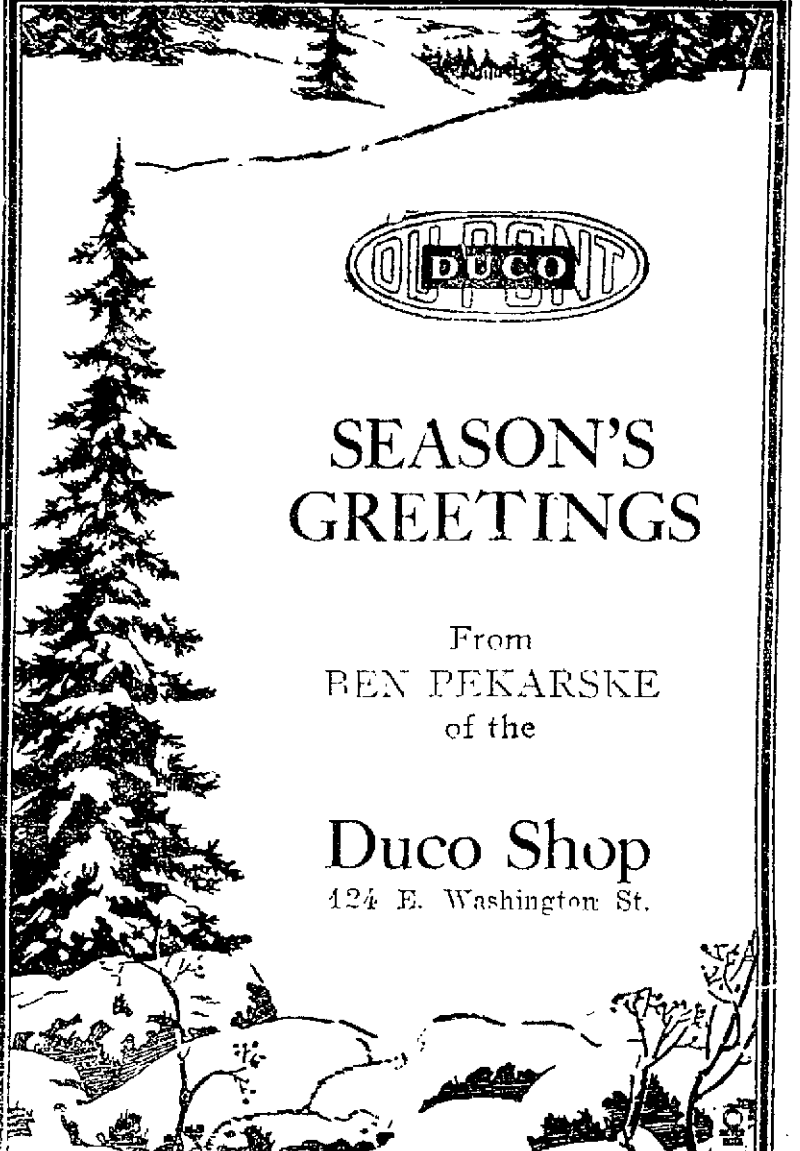

CHARLES RAY AND PAULINE STARKE MAKE IDEAL COMBINATION IN "BRIGHT LIGHTS"
"Bright Lights," which is showing at the Elite theatre today and tomorrow brings Charles Ray and Pauline Starke in one picture for the first time, with exceedingly happy results.
Ray again plays the lovable, bashful hero, the type that won him his greatest success. There is no other actor on the screen that can essay this character in the manner that Ray does. The part of Tom Corbin gives him a marvelous opportunity to display his talent for drama, and his comedy scenes are the best he has ever done. It is played with utmost seriousness and is therefore all the more amusing.
Pauline Starke scores in the role of Pansy Delaney, a Broadway chorus girl. Miss Starke's rather worldly beauty is an excellent foil for Mr. Ray, and their scenes together are delightful. She shows a remarkable aptitude for dancing, and an energy and vitality that should add many fans to her already large following.
Lillian Tashman is delightful as Gwendolyn, the chorus girl who is cultured until it hurts. She is one of the screen's most beautiful blondes and in her first comedy role gives a finished performance.
Lawford Davidson a newcomer to

the ranks of screen "heavies" is all that could be asked as Marty Hess and should go to the front rank of villains.
Ned Sparks in the role of Barney, a man about town, and Eugene Bessner as Mrs. Delaney are both excellent and worthy of special comment.
This Metro-Goldwyn-Mayer picture was directed by Robert Z. Leonard, and is probably that director's finest effort to date. Jessie Burns and Lew Lipton adapted the screen play from a story by Richard Connell.
The story opens up behind the scenes of a New York musical comedy. Disappointed with the carousing, insouciant men she meets, Pansy Delaney, headliner of the show, spends a few days in the country. Here she meets Tom Corbin, a bashful, noble youth, who restores her faith in human nature until he tries to ape the mannerisms of a New Yorker. How he manages to win the girl makes the film quite a humorous and absorbing one.

"THE HAPPY WARRIOR"
MEANS STIRRING ENTERTAINMENT FOR EVERYBODY
A fine, clean, stirring story; a splendid, big spectacular production; the sort of photoplay that supplies tingling entertainment for everybody. That's "The Happy Warrior," at the New Bijou Theatre Friday and Saturday.
Here is one of the season's best: the sort of picture you get once in a blue moon; the sort that justifies anybody's enthusiasm for the cinema.
The story is frank melodrama, told in swift action. It begins with the romance of Lord Burdon, who, secretly married to an English village girl, goes off to India, where he is killed. The main story concerns the boy who is born of this marriage; a gallant youth, who, not knowing of his noble birth, joins a traveling circus as an exhibition boxer. The plot is full of suspense and excitement, but it is in the keen delineation of vivid characters that the author, A. S. M. Hutchinson, has supplied ph-

toplay material that lifts "The Happy Warrior" far out of the ordinary run of photoplays.
These characters are excellently acted by a brilliant cast that includes Malcolm McGregor, Alice Calhoun, Wilfred North, Mary Alden, Andree Tourneur, Eulalie Jensen, Anders Randolph, Otto Matesen, Gardner James, Olive Borden, Jack Herick, Philippe de Laey, and Bobby Gordon.
GIRLS JAZZ ORCHESTRA
HEADS VAUDEVILLE BILL
Janet Adler, one of the best known singers of popular songs in vaudeville, will headline the bill at the Fischer Appleton for three days starting Thursday in a song cycle in which she is assisted by her "Syncopators," a girl jazz orchestra. The organization is fresh from a big success at the Newman theater at Kansas City, Mo., and at the Sun theater

in Omaha, Neb., being held two weeks at each city. The program will include "Alone at Last" by the Syncopators, "Knee Deep in Daisies" by the Syncopators, "I Wonder Where My Baby is Tonight" sung by Miss Adler with the band, and "Yes Sir, That's My Baby" sung by Miss Adler with the Syncopators.
Skippy Lamore and Jean Rozell will afford many laughs with a minstrel oddity. Sam Sky and Frank Perri will entertain with comedy and imitations as well as fine music on violin and guitar and Seville & Phillips will present a novelty styled "Huntingt."
Also screamingly funny farce entitled "Madam Behave" by the same producer who gave us "Charley's Aunt" last spring and starring Julian Pittings, world's most famous female impersonator and Ann Pennington of Folies Feme. Truly here is a knockout program.

MAN ESCAPES, HORSE KILLED, BY FALLING ROCK

Fremont Man and Team
Frightened in Accident While
Hauling Stone.

Fremont—While Harry Wahl was loading his wagon with crushed stone at the Foster hill, near Readfield, Thursday of last week a large piece of rock loosened itself from a cliff and fell upon one of the horses hitched to the wagon, killing it. Mr. Wahl barely escaped being hit by another piece of rock that also fell. He has a contract with the county to haul crushed rock for Wolf River.

The "Old Chicker Bucker," a comedy drama in four acts, which was given at the Fremont opera house, Nov. 28 to 30, was presented at Oshkosh Thursday evening, Dec. 17, also for the benefit of the school. The play was in charge of Mr. Becker, teacher. A large number of Fremont persons attended.

Relatives and friends of Mr. and Mrs. Edward Handfield surprised them at their home last Saturday evening. The occasion was their twenty-fifth wedding anniversary. The evening was spent in dancing and playing cards. Those present were: Mr. and Mrs. Frank Hilderbrand, Miss Norma Kester, Mr. and Mrs. William Peters and family, Mr. and Mrs. Emil Schmidt, Mr. and Mrs. William Kramer and family, Frank Kramer, Mr. and Mrs. Herbert Wohl and family, Mr. and Mrs. Vera Peters and family, Mr. and Mrs. Alfred Peters and family, Mr. and Mrs. William Waranko and family, Mr. and Mrs. Peter Meyer, Mr. and Mrs. William Knapman and family, Mr. and Mrs. Henry Kester, Mr. and Mrs. Herman Buchholz and family, Mr. and Mrs. Emil Stohlborg, Sr., Mr. and Mrs. Emil Stohlborg, Jr., Mr. and Mrs. Frederick Gulitz and family, Mr. and Mrs. August Wohlbray, Mr. and Mrs. Henry Handfield and sons, William and Frederick, Mr. and Mrs. Otto Kneizer and family, Mr. and Mrs. Edward Haffner, Misses Emma and Margaret Peters and John and Frederick Peters, Verne Krueger, Henry, Edward and Peter Meyer, Edgar Wohl and Paul Thomeck.

COMMUNITY TREE
The Fremont community Christmas tree, which has been set up on the vacant corner opposite the bank, will be lighted at 6 o'clock Thursday evening and a program given. The program will be held at this early hour of the evening to enable people to attend church services in the latter part of the evening. A program consisting of songs by Fremont graded school pupils and Beaver Dam school pupils, separate and together, and an address by the Rev. Ervin Menger will be given. Presents will be distributed to every child present. In the event that stormy weather will not permit the program to be given outdoors, it will be held at Union church. The program is in charge of the Rev. Mr. Menger. The tree and presents for the children have been made possible by Fremont business men.

Following are the services at the Lutheran church for the Christmas holidays: Program in evening, Thursday, at 7 o'clock; German services at 10 o'clock Friday morning and English worship at 7:30 in the evening; German morning services Saturday, same hour; and German services Sunday morning at the usual hour.

There will be no services at the Union church at Fremont. At the Wolf River Reformed church the following Christmas holiday services will be held: Christmas eve program, 7:30; English services at 10:45 Christmas day, with English and German celebration of the Lord's supper; and regular morning services on Sunday forenoon.

Royal Neighbor camp held its semi-monthly business meeting at the village hall, Friday evening, Dec. 18.

COUNTY JAIL PRISONERS GET CHRISTMAS DINNER

Seven persons who have been in the custody of Sheriff Peter Schwartz awaiting trial, will spend Christmas in the county jail.

Although it will be a dull holiday season for them, Sheriff Schwartz intends making Dec. 25 as cheerful as he possibly can for his prisoners. He will be host at a Christmas dinner. Chicken is to be the piece de resistance. Then there are cranberries, potatoes, coffee, pumpkin pie, nuts and candies and all the trimmings which go to make up a well balanced holiday meal.

Such treatment is customary at the jail at this time of year, as well as on Thanksgiving day. A similar dinner was given prisoners on the last Thursday of last November.

FISHERMEN TAKE TONS OF LAWYERS FROM LAKES HERE

Remove Rough Fish from
Water to Save Lives of
Game Fish.

This is an open season on lawyers. No, not the kind of lawyers that appear in court, but the kind that are found in huge quantities in Lake Winnebago, Lake Winneconne, and other streams and rivers in this part of the state. "Lawyer" is the name of a fish sometimes called carpenter, and fishermen are catching them by the tens of thousands in Lake Winnebago and Lake Winneconne about this time of year. An Appleton resident who spent some time visiting at Winnebago Monday, reports that he saw 1,000 lawyers in a huge wooden tub.

The fish are caught in hoop nets which are set at certain depths in the lake through which the trap is lowered. The net is lifted twice a day, and released of its burden of lawyers, which is usually a heavy one at this time of year.

The lawyers are a fish a little over a foot long and weigh from three to four pounds. It has no scales and is very slimy and slippery, resembling an eel in this respect. It has a deep yellow and black color. Its appearance on the whole is somewhat similar to that of a bullhead with the exception that it has no horns or prongs protruding from its head. The fish is eaten by some people and considered a delicacy, but others regard it as food because of its slimy and unattractive appearance.

A great amount of food is found on each fish lawyer. The only home a lawyer has is a small pond in the lake. It is a small pond, but it is a pond. Of course, a number of game fish are also in the lake and are shared in the food. It is set for the lawyer, but there is a game warden on hand at Winnebago to see that all game fish are taken back to the lake. Lawyers are considered a menace to the game fish as they eat a large number of minnows, perch, and bass, muskies, and trout. Fishermen are trying to find a way to get the lawyers in Milwaukee and Chicago.

FLAMES ENVELOP
CHILD AT ISAAR

Baby Pulls Scarf with Lamp
upon Itself and Sets Its Bed
Afire.

Special to Post-Crescent.
Isaar—On Monday evening James the one-year-old son of Mr. and Mrs. Henry Ullmer was nearly burned to death. The child was left to bed at the regular hour and left alone in the room, a lamp being let on the dresser. The child pulled the dresser scarf and the lamp fell into the bed which started it on fire. Mrs. Ullmer who was in the store heard the cries of the child and ran into the room and found it almost enveloped in flames. She called her husband and they soon extinguished the fire. The baby's clothing was badly burned but the child itself suffered only a burn on the right leg.

SANTA HAS SHOP
IN TRADE SCHOOL

Vocational School Pupils
Spend Time Making Gifts
for Christmas.

One of Santa Claus's branch workshops is in Appleton Vocational school. Many of the students have been making Christmas presents during the last few weeks, and the finished products of their labor are easily on a par with similar articles sold in the store.

Nine cedar chests have been made by boys of the wood working shop. These are beautiful large boxes about five feet in length, and two feet high, made from red Tennessee cedar. The covers of the chests are carved with fancy and intricate designs.

A number of boys in the machine shop have made rubber tired coaster wagons and scooters which will gladden the hearts of numerous youngsters Christmas morning. The wagons and scooters are painted bright red, and have all the appearances of fast traveling vehicles.

One of the students bought an old iron lamp stand, which showed no marks of ever having been much of an ornament, and little prospect that it ever could be beautified. The stand has now been converted into a beautiful table lamp topped off by an attractive shade of many colors.

The stand was painted and plenty of ornamentation added. The lamp is to be a Christmas present for the mother of the student who has spent a great deal of his time during the last few weeks in making it. About 20 bridge lamps were made in the machine shop in the last few months.

Appleton Police Shoot
200 Dogs in Single Year

Appleton's dog population has decreased by more than 200 the last year by the police department, records of Chief George T. Prim indicate. Shooting dogs has become almost a routine duty of the department, and during the last few months there was scarcely a day in which at least one canine was eliminated from the world.

In spite of the department's activity, along this line, the number of mongrels within the city limits appears to be increasing. In 1924 the police disposed of exactly 173 dogs, yet more than 160 of them were licensed during the early part of 1925. During the last month or so the demands on police to get rid of undesirable dogs has been greater than ever, averaging more than one a day. Last month 41 were shot, while about 30 have been relieved of their misery since Dec. 1.

Reasons for shooting the animals vary. Injured dogs, mad dogs and dogs whose owners cannot be found—all furnish targets for the police man's revolver. A few are shot for the simple reason that their owners do not care for them any longer.

All the dogs are shot on the dumping lot at the fair grounds. They are taken there by the dog catcher,

who receives a dollar for each trip. Police have picked this site chiefly from a standpoint of safety, as danger of stray dogs injuring anyone is entirely removed. After the animals are shot they are taken to a rendering plant.

Chief Prim has estimated that the cost of shooting dogs averages about \$1.50 each. The sum includes the dog catcher's pay, the ammunition and time of the officer.

COUNCIL ORDERS PRICE BACK TO HOSPITAL BED

Doctors to Decide Future
Course After X-Ray Pic-
tures Are Made.

Menasha—At a special meeting of the common council called at 1:50 Wednesday afternoon by Mayor N. G. Remmel for the purpose of taking action relative to the case of Alex. Price, a city charge who was removed a week ago from St. Elizabeth hospital at Appleton to the county poor farm, it was decided to have him returned at once to the hospital for treatment. Within ten minutes after a motion to this effect was passed City Physician W. P. McGrath was on his way after him with an ambulance.

The motion suggested by Mayor Remmel and which was unanimously passed was that the poor committee together with the city physician and poor commissioner immediately conveyed Price from the county home to St. Elizabeth hospital and have an X-ray taken of his leg. After this was taken the physicians who examined him at the county institution, Dr. E. M. Curry, Dr. W. P. McGrath and Dr. E. W. Cooney, the latter of Appleton, would then determine whether it was necessary to remove the member.

Upon the call of the meeting being read by City Clerk J. F. DeCaro, Mayor Remmel made a statement to the effect that he had been notified by county officials that the county home was no place for Price, whose leg was in need of amputation and that it was necessary to remove him. Dr. McGrath, in response to a question as to the condition of his leg, said there was a union of the fracture, but not a satisfactory bony union.

It was more of a callous union and he did not believe there was enough bony substance to take care of the healing, he said. The fracture was reduced according to the latest methods. The three physicians who examined the leg did not think there was any use trying to save it after nature was unable to do its part. He thought the best way was to return Price to the hospital and amputate his leg after an X-ray picture of it had been taken. Mayor Remmel recommended this course.

A statement prepared by Dr. E. M. Curry of what he found upon examining Price was read by the city clerk. Among other things he said he found that the left leg had been fractured and that it was considerably shorter than the right leg; that there is an opening in the bone from which there is a discharge; and that upon manipulation of the leg there was evidence that the places used in reducing the fracture were movable.

Price's hospital bill during the time he was at St. Elizabeth hospital which amounted to \$445 was ordered paid.

SEND BASKETS TO SIXTY FAMILIES

Boy Scouts Distribute Baskets Filled by Public Spirited Menasha People.

Menasha—More than 60 needy families of Menasha were provided with material for a Christmas dinner and with clothing and toys as the result of the clearing house conducted at the Elks club by the different charitable organizations. There were no duplications which made it possible to extend Christmas cheer to a greater number of families with the funds and donations available.

Three trucks were used in distributing the baskets. The trucks with drivers were furnished free of charge by Wheeler Transfer Line, Paper Roll Plug company, and Chick Remick Transfer Line. St. Thomas boy scouts had charge of the distribution. The baskets were arranged according to districts.

The detail work was in charge of Miss Edna Robertson, who was elected secretary of the central committee which established its headquarters temporarily in the Elks club. She was assisted by members of the committee composed of representatives of the different charitable organizations.

Merry Christmas AND Happy New Year

The Appleton Post-Crescent takes pleasure in addressing this Christmas and New Year memento to its advertisers and readers. We want you to know that we are not unmindful of those who have contributed to the wonderful growth of this newspaper during 1925.

In both advertising and circulation The Post-Crescent has eclipsed all of its previous records. Our present circulation is over 13,000. And this success could not have been achieved without the confidence of the entire community.

Even though the closing year may have brought you much happiness and success, we hope that 1926 will more abundantly fulfill all of your highest ambitions.

It was at Rome in 1867 that the great master Franz Liszt first played the Chickering. Pausing in the rest he was making of this wonderful piano, he exclaimed,

"It is superlatively perfect. This makes me feel like playing the piano. I shall take most zealous care of it."

As in Liszt's day, so to the present time, all that the greatest masters find to love and reverence in that mighty instrument, the Chickering Concert Grand, has been kept intact when brought down to a size that will suit your home.

Adventures Of The Twins

THE NEW GASOLINE STATION

"Well it has happened at last!" said the Fairy Queen.

"What has happened?" asked the Twins in surprise.

"You might guess," smiled the Fairy Queen. "All the mischief people and wood folk, and even the barnyard inhabitants, have the automobile craze."

Nancy laughed, merrily. "I shouldn't worry about it," she said. "People can only get into one kind of trouble at a time. Mother says when they are going that they are not into any other kind of mischief."

"That is true," smiled the Fairy Queen. "And let us hope that there will be peace at least from now on. But there! That isn't what I came to see you about. Will you Twins start a gasoline station for me? I suppose it is necessary even for fairies to keep up with the times, and I've had about two dozen letters and telephone calls this week asking me to please fix a place for people to get gasoline for their cars."

"Certainly," said Nick, politely. "We'll do just the best we can."

"That's fine," said the Fairy Queen in a relieved voice. "Come with me then. I'll show you where it is to be. I think the best place is half way up the valley, where the road runs between the creek and the pond."

Then she gave each of them the wonderful magic shoes in which they had had so many other adventures.

The instant the Twins put them on the world seemed to change. Hidden things became very plain, such as tiny roads and paths running cross-country here and there over the country side that you can only just guess are there when you look with ordinary eyes spring into view as plainly as the movies.

Here was Wally Woodchuck's house, and there was Mister Corny Coo's basement door, and yonder was Chick Chipmunk's cottage.

But the most astonishing thing of all was the evidence of new building that had been going on.

For behind every single tiny house was shining a new garage.

At that minute the trucker gobbler and Danny Duck were having a conversation about which garage was the handsomer the woodchuck's or the chipmunk's and Nancy heard Danny say that he was thinking of buying a car as soon as he could make up his mind about the kind he wanted.

"I think we'll have to be hurrying," said the Fairy Queen. "Look! There, my fairy carpenter, is waiting to begin to build the filling station as soon as I tell him the exact spot to build it on."

Pretty soon they came to the place. There was the gasoline station, as complete as the court house, and there stood Tick Tack as pleased as Punch over what he had done.

"The filling station is all finished, your Majesty," he said to the Fairy Queen. "pumps and all. I heard you say it was to be between the creek and the pond, so I began work right away."

"Good for you, Tick Tack," said the Fairy Queen kindly. "We certainly have to work in a hurry these days to keep up with the times, don't we?"

"Yes, ma'am," said Tick Tack, with a grin.

"Come children," said the Fairy Queen. "Your duties have already begun. Here is your first customer."

LETTER FROM SALLY ATHERTON TO LESLIE PRESCOTT—CONTINUED

Of course, Leslie, in answer to the question, whether she would ever love her father, I told Dick that I would surely come to herself and have the love very soon. At that moment, fortunately, the physician arrived for whom they had sent, and we both told him that we were sure that Bee was not in her right mind.

He looked at us as though he was sure that we had gone suddenly insane, but rather than discuss the matter with us, he said:

"I'll go in and see her immediately, and I'll tell you what I think after I've been in there."

He came out at the end of about fifteen minutes and said: "My dear Mr. Prescott, your wife is perfectly sane. She is suffering from the realization that many young women have after the birth of their first child. The event makes a great change in any woman's life, you know, but I have examined her very carefully, and I find that physically she is not losing at all."

"Do not worry, she will be all right," he said.

I could see that Dick was not convinced, and neither was I, but we had to depend on the doctor that we were satisfied.

Two or three days later it is all over and he hasn't yet fully realized what has happened, he's all at sea. He cannot understand what made Bee feel as she did, and he keeps saying to me, "do you think that I was to blame in any way?"

I tried to do everything that I could, Sally, but it's a terrible thing to marry and live with a woman some years as I did with Bee in perfect companionship, to think that you know her very well, and then wake up some morning and find that you do not know her at all, that her whole attitude in regard to you is that of a stranger, that you have never known her thoughts or the secret place of her soul.

"Sally, is it I, or was it Bee?" I was satisfied with her, or the ideal that I thought was she, and now I am aware that she is not.

What was the reason, Father? Poor Dick! He doesn't know what it's all about, and he probably never will know. And I'm not sure that I know, either. Leslie dear, it will take me a long time to get going again. I want to remember the Bee that I knew and not the Bee that I talked to in these last few days.

Things went on for a day or two in the same fashion as I have written you. Whenever the doctor was there Bee acted very normal, but whenever Dick or I was in the room she would begin again to try and tell us what we should do after she was dead, and when we expostulated she would say:

"Only fool men. I think I am really going to die. In fact, I think everything is dead within me except the mere physical part of me."

Finally, however, the doctor began to get worried, and he called another man in consultation, but neither of them could fathom just what was the matter.

SALMON IS NOT ON STEADY DIET OF HAIR SEALS

Northern Herds Have Stronger Appetite for Other Members of Fish Family.

Washington, D. C.—(P)—Hair seals at salmon extensively, the commerce department admits, but the precious seal of the Alaskan islands has an appetite mostly for others of the fish family.

The seal herds, by their increase, are not threatening the continuance of the salmon fisheries, it is shown by two scientists, Dr. Frederic A. Lucas, of the American Museum of Natural History, and Dr. Leonard Stejneger of the National Museum. They investigated the fur seals' diet and the department declares it considers salmon as "only an occasional item of diet of the fur seal."

Lengthy evidence in the case accompanies the conclusion reached. The fur seal is said to be a deep water animal, while its cousin, the hair seal, keeps along shore. As the salmon is considered to be a coastal fish, the two most of the time are well apart.

Also on Bering island, one of the outer islands where the seal gather yearly under government guard, there is a large stream, up which large numbers of salmon go every year. The fur seal herds have shown no disposition to interfere with them. Furthermore, in the stomachs of 273 seal opened for examination, salmon was found in but eighteen.

The main article of seal diet is the squid, the mortality inspections indicated, and the department says it still remains unproven that the seal herds have any appreciable effect in the great runs of salmon which annually enter the streams of Alaska.

FROGS DO ROMEO COURTING STUNT

Amphibian Signs Love Songs to Entice His Juliet from Pond to Bank.

London.—(P)—The love song of the frog is rendered much after the fashion Romeo employed in enticing Juliet to the balcony. Shifting the scene to coast any pond or marsh, the principle strive for the same effect.

A fine young bull frog "who would swoon go" squats in a clump of weeds or on a bank. Dr. Kingsley Noble, the American scientist, says the bull frog inflates his throat until it resembles the dew-lap of an operative.

"The song works like magic," the scientist said. "Within a short time his lady frog appears and will approach the source of the enchanting melody, as if trying to pretend that it was all because of idle curiosity. But if the singing ceases, the lady frog hops perfectly still. More bull frog music will lure her on once again."

Damn and patient night vigils in swamps and marshes of New Jersey and New York convinced Dr. Noble of the part the voice of the bachelor frog played in his courtship.

BIG FUTURE FOR OIL SHALE FIELD IN JAPAN

Tokyo.—(P)—Japan's oil shale industry in Manchuria probably will develop into one of the big assets of the Empire, said Viscount Masatoshi Okochi, professor in the Tokyo Imperial university and a noted metallurgical authority, upon his return from a prolonged inspection trip.

He declared in general that the industry bids fair to succeed if the dry distillation system of oil shale is conducted according to the approved method which is used in Scotland. Coal is used for fuel in this method, which is an advantageous factor since Fushan has the largest colliery in the Far East.

JOLLY PARADE AFTER PASSING OF CABHORSE

Hamburg.—(P)—When the horse cab left Hamburg, most of the former drivers of which have procured licenses as taxi chauffeurs, staged an impressive farewell parade, in which every type of cab in existence was represented.

A herald on horseback at the head of the parade was dressed in an old-fashioned jerkin trimmed with fur and carried the banner of the coach drivers' guild.

FRENCHMAN REALLY POOR AT \$22 YEARLY INCOME

Charleville.—(P)—A Frenchman is really destitute and worthy of receiving municipal poor relief, if his maximum revenue is not superior to 480 francs a year. That is something like \$22.

At least, that is the way the law now stands. But, owing to the slump in exchange, and the height of post-war prices, the mayors of the Meuse valley towns have just asked the central government authorities to raise the rate to permit their aiding people who cannot show over 1,500 francs a year net revenue.

In case their demand for a change in the poor law is refused, they propose an interpretation of the present law, now twenty years old.

STONE MOUNTAIN REALLY COVERS SEVERAL STATES

Only 563 Acres of It, However, Are In the Wide Open Spaces, Rest Underground.

Atlanta.—(P)—How come Stone Mountain?

This question, as simple and as elegant as it may seem, has puzzled geologists every since there have been been any geologists to puzzle about Stone mountain.

Many elaborate explanations have been offered for the existence of the now famous granite monadnock, which rises suddenly out of a seemingly fertile country around it. The one most favored is that sometimes along fifty to seventy-five million years ago, there was an upheaval in this land, at which time Stone mountain and the Appalachian mountains and other eastern wonder-rocks were thrust up.

But Stone mountain, in which is being carved the Confederate memorial, is not all just out there in wide-open DeKalb-co. That's only where it shows itself. It extends under most of the remainder of Georgia and some

parts of South Carolina, Tennessee, Alabama and Florida.

At the place where Stone mountain seems to meet ordinary earth, it begins a sloping descent into the underneath of Georgia. At Macon, about 10 miles southwest of Stone Mountain, the granite bedrock is reached at about 400 feet.

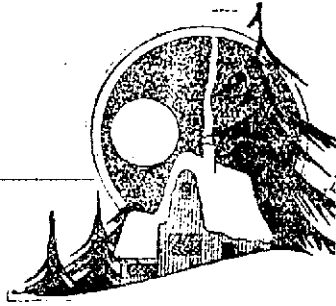

At present, Stone Mountain rises 686 feet above the ground and includes 563 acres of exposed granite mass. In this mass, there are 7,543,750,350 cubic feet. There are about 12 cubic feet of granite to the ton, making the bosa weigh in the neighborhood of 628,645,911 tons.

Since about 1865, Stone Mountain granite has been used extensively in building, as well as paving.

HAMMER, SAW ACTORS FADING FROM FILMLAND

Artists Still Found in Hollywood Who Had to "Double" as Carpenters.

Hollywood (AP)—The "saw and hammer" screen actor is fading from the picture. Actors may still be found in the Hollywood studios who in their early days had to bring overalls and carpenter tools with them when they reported for work in the pictures, but their number rapidly is diminishing.

Film executives sometimes speak with regret of their passing. For these humble folk of the old school, who sometimes sacrificed sleep to protect the "props" from wind or rain, exhibited a loyalty and esprit de corps hard to match in the modern movie lot.

These were the days before 1910, when to be seen in a motion picture was to any self-respecting actor, something like being seen in jail. Those skilled in make-up did their screen acting under assumed names and took special pains to disguise their features so that no one could actually prove they had fallen to the film level.

Even stage carpenters cleared clear of the screen studios, fearing the wrath of the theater men, who had boycotted the movies as a menace to the legitimate stage. Consequently, the actor forced by poverty into accepting work in the films had to be willing to help overcome the shortage of carpenters.

There came a day, however, when actors no longer consented to "double" as carpenters. According to J. Stuart Blackton, one of the founders of the old Vitaphone company, Maurice Costello was a leader in this revolt against the saw and hammer. Before he consented to go to work for Vitaphone, Costello stipulated that he would do no driving of nails and sawing of boards. "Do I look like a carpenter?" he said.

His daring defiance went unheeded, and the fact that he later became a star probably encouraged other actors to scorn the carpenter's lot.

The stars who supplanted Costello in popular favor, however, were not content with the modest salaries. To day the high-salaried screen celebrity not only comes to carpenter's but he comes on the set trailed by a valet and a secretary and lives his acting to the selfish saving and hammering of an orchestra hired to provide him with an emotional atmosphere.

Sometimes a modern celebrity grows contemptuous on the set. It is then that film executives remember with regret the passing of the "saw and hammer" school of screen acting.

PINK CHEEKED DAIRY MAIDS PASSING OUT

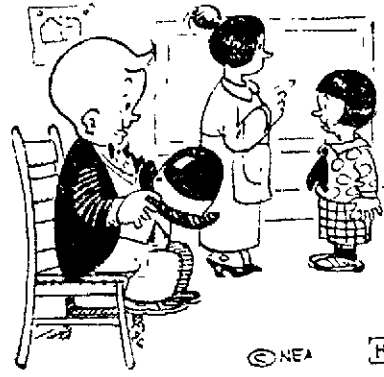

London (AP)—England's picturesque dairymaids whose pink cheeks and fair complexions have for generations been at once the envy of their city sisters and the inspiration for countless artists and poets, may soon be a legend. And all because the English farmer has found, what many American farmers found long ago, that they can make more money by selling their milk than they can by making butter.

It takes two and a half gallons of milk to make a pound of butter for which the farmer can get about two shillings and two pence. Even in summer he can sell his milk in the cities for a shilling a gallon, so that there is much more to be made by the latter transaction. As a consequence farmers are discarding their butter-making apparatus and are laying butter in many cases for their own use. The important of butter into Great Britain is increasing.

NOXIOUS PLANT TO BE USED IN MAKING PAPER

Forest Products Laboratory at Madison Experiments on Chinese "Tree of Heaven."

Harrisburg, Pa. (AP)—The Chinese "tree of heaven" will produce paper pulp of good fiber length. Whereas it was about to be condemned as a noxious plant, it may in later years help to solve the problem of wood shortage for paper manufacturing purposes.

The tree's paper pulp possibilities were discovered in experiments conducted by the Pennsylvania department of forests and waters, cooperating with the forest products laboratory at Madison, Wis. As a result, the department will plant thousands of alantus (tree of heaven) seeds

which in 25 years should produce 432 cords of wood to the acre.

The tree grows rapidly and produces a prolific crop of seeds. The first tree in Pennsylvania was planted in Philadelphia about 10 years ago. From this and others set out in various parts of the state for ornamental purposes it has spread so quickly that where it grows in thickets, its aggressiveness has begun to crowd out native trees.

Measurements showed that one sprout grew 12½ feet in a single season. From these measurements it was figured that in 25 years the average tree would be 60 feet high and 10 inches in diameter, allowing for slower growth as the tree matured. A

tree at this age will produce about 1,000,000 two-winged seeds annually. These are light, can be carried far by the wind and are said to account for the trees found in isolated places.

DESERT DEFIED CORTEZ, BOWS TO ENGINEERS

Railroad of 170 Miles in Length Is Being Built in Lower California.

Mexicalia, Lower Calif.—(AP)—Four hundred years after the desert south of here and surrounding the head of the Gulf of California had defied the undaunted Fernando Cortez, an American railroad is being built across those sands that promises to wrest unestimated wealth from the waste which balked the Spanish conquistador.

The line, 170 miles long, which will connect this town on the California-Mexico border with San Felipe, the nearest point on the Gulf of California where a deep water harbor is available, must be completed, according to contract, in 1927.

Residents of the desert domain look to the railroad to spin the wheel of progress with three great changes:

Connect the lower Colorado river basin with tidewater.

Provide a new system of defense, through levees on which the road will travel, against the floods of the Colorado.

Open the way for reclamation of 250,000 acres of fertile delta land.

Cortez, the daring Spaniard who brought Mexico under the heel of Aragon and Castile, sent expedition after expedition into this waste between the years 1527 and 1541. He wished to discover a northern route around what he called the "Island of California," and he desired above all else to locate and loot the fabled rich "Seven Cities of Cibola."

He failed in both his quests, but where the Spanish adventurer with his sword went down to defeat, the American engineer with his theodolite is registering victory.

The railroad originally was started by the Mexican government in 1923, but after ten miles of roadbed had been graded the De la Huerta revolution broke out and construction stopped.

In 1924 Harry Chandler, of Los Angeles, and a group of associates obtained a contract from the Mexican government under which they were given a 99-year lease, and allowed three and one-half years to complete the line. It will be known as the Mexicali and Gulf railway.

The builders' concession includes the right to construct wharves, cotton gins, compresses, and oil mills at San Felipe, which will become a shipping outlet to the Eastern United States via Panama, and also to Europe and Asia.

To sportsmen a fishing paradise will be thrown open, for the Gulf of California abounds in hundreds of varieties of fish, great and small.

FRENCH TALKING TOURIST LINGO

American Travelers Contributing to Revision of Language of France.

Paris. (AP)—William of Normandy's rather forceful conquest of the British isles gave thousands of Norman-French words to the English tongue. In those latter days the ever-more-numerous invasion of English and American tourists has added a heterogeneous collection of isolated words and phrases to the vocabulary of the smart Parisian.

Words ending in "ing" have a special fascination for the Parisian who wouldn't think of trying for a comprehensive English vocabulary, but who likes to interlard his sentences with words of a bizarre sound. A dinner jacket is always a "smoking," one travels in a "sleeping," or sleeping car, and one even goes out for an afternoon's "fo-tine" in the Bois de Boulogne of a bright Autumn day.

"Weekend" came into general use during the endless conferences of the post-war years, when English statesmen insisted upon getting away Friday night for a rest over Sunday from official cares. In a similar way Parisians have learned to take their "five o'clock," "flirt," used as a noun and not as a verb, is in good usage.

Sporting terms, such as "knockout," "uppercut," and the "deuce" and "love" of tennis, have gotten almost national circulation, despite the efforts of a number of eminent sportsmen to persuade their followers to use the pure French.

LORD MAYOR'S OFFICE WHOLLY FOR SUFFRAGE

London.—(AP)—Women's suffrage is about 100 per cent in effect in the office of Sir William Pryke, lord mayor.

During the 12 months of her husband's reign Lady Pryke can live at the mansion house or not as she likes, although her husband is obliged to do so. She may accompany her husband to all functions, is presented at Court and is entitled to present members of her own family. She has the privilege of an enormous pew in Saint Paul's Cathedral capable of holding 25 persons and no one may enter it without her permission, not even the lord mayor. She may appoint mulds of honor at the lord mayor's banquet and accompany the lord mayor on the bench when he presides as chief magistrate.

On leaving the mansion house at the expiration of the lord mayor's term of office, the lady mayoress receives a present of jewelry from the city fathers.

TURK MAYORESS LEADS VOTERS

Discovery of Woman Mayor Fires Courage of Suffragettes in Harem Country.

Constantinople.—(AP)—Turkey's one and only mayor has been found and the fact that for years she has administered her office as an illiterate has fired the courage of feminists here in their campaign toward the vote for Moslem women.

Koudret Hanoum, a woman beyond 60, for many years has been unanimously elected mayor of the village of Germat in the vilayet of Erzerum. She can neither read nor write, but she knows all the ways of the village by heart. She is a widow and with her daughter-in-law and two granddaughters, does all the work on the farm, which is their only source of livelihood.

It is the first example the leaders of the "Union of Women" can cite in proving a Turkish woman's ability in government affairs. While Mayor Hanoum has a masculine bearing and masculine interests, the Union points out that she has an intelligence superior to that of all the men in her vicinity. For that matter, the union claims the average Turkish woman is more clever mentally and more energetic physically, than the average Turkish man.

B-A-T IN CHINESE SPELLS "TOBACCO"

Shanghai.—(AP)—There are many dialects in China, but in all of them B-A-T spells British-American Tobacco Company. The firm has come to hold a unique place in the life of the Chinese people. Its name is a household word.

This conquest of the country has been achieved with the cigaret. Directly or indirectly the company employs 25,000 people in growing, manufacturing and distributing its products.

From the beginning China took kindly to the soothing cigaret imported from America. As long as 35 years ago it became apparent to one leading Shanghai importing house that some means to manufacture cigarettes in China must be devised to cope with the swiftly expanding demand. It was then that the first cigaret manufacturing machinery was brought from America.

From a little factory with a handful of workers, established in 1891 across the river from Shanghai, the British-American Tobacco company has grown to its present magnitude, outstripping the parent that created it, which now is a subsidiary concern. The company's business is confined to China, and its remarkable success, its officials assert, may be attributed to a policy of meriting the good will of the Chinese people.

OUTDOOR MOVIE SCENES SPOILED BY REALTORS

Hollywood, Cal.—(AP)—Real estate subdividers are spoiling some of film-dome's choicest and least expensive "sets."

Only a few years ago hills within walking distance of the studios furnished an excellent background for western thrills in which the sheriff's posse chased gamblers into fastnesses of canyons apparently 75 miles from a railroad. These hills are now so criss-crossed with residential streets as to be worthless for "wild west" work.

For a time a guggut sea coast village on the ocean near Santa Monica furnished convenient Old World atmosphere for the company that built it, but today it is forgotten in the crash of modern beach cottages usurping its site.

Now comes word that a stretch of magnificent sand dunes on the coast north of here, much photographed during the recent vogue of desert snick films, has been acquired by a syndicate for subdivision as a new beach resort. Cameramen in search of Arabia and Sahara will have to go farther afield.

APPLETON HOCKEY TEAM OPENS SEASON FRIDAY

INVADE MENASHA FOR FIRST GAME IN VALLEY LOOP

Veteran Lineup, Strengthened by Return of Joe Sharp, Faces Hard Foe in Pails.

WEEK'S SCHEDULE
FRIDAY—APPLETON AT MENASHA; Oshkosh at Neenah.
SATURDAY—OSHKOSH AT APPLETON; Neenah at Menasha.

LINEUPS
Appleton: Schultz, center; Kellett, Crowe, right wing; A. Mulligan, J. Sharp, left wing; Mac Molligan, Goehs, r. defense; Renz, B. Bell, l. defense; A. Grassel, Prasher, goal tender.
Menasha: Schell, Benke and Zelinski.

Strengthened by the return to the city of Joe Sharp, veteran wingman of the 1923-24 and 1924-25 Appleton hockey sextets, the Scheller-Galpin Maroons, Appleton's entry in the Fox River Valley Ice Hockey League, will open their season Friday afternoon in a Christmas day battle with the Menasha Athletic association team at the Menasha ball park. The game is expected to start at 2 o'clock. Oshkosh invades Neenah for the other opening battle of the loop and on Sunday the Oshkosh crew, considered the class of the new loop league, comes to Appleton and Neenah invades Menasha. The Oshkosh-Appleton game will be played on the Jones park rink.

Appleton will start a new lineup Friday and several vets of the last two years will start the game on the sidelines. However, all of the men will be given a chance to show their stuff before the battle is over and Manager Walter Bell and Capt. Percy Sharp hope to find the best combination to carry Appleton's colors to victory this year, before the game is over. With the return of Joe Sharp, the old "gang" which kept Appleton in the top early year a league team was organized in this city that is intact and ready to go while the new material is exceeding promising. The old Appleton combine which went so well included Schultz at center; J. Sharp and W. Bell, wings; Goehs and B. Bell, defenses; Prasher, goal tender. This sextet has worked together for the last five years.

Of the vets, "Ducky" Schultz will start at center, Bell and Al Goehs at defenses. Joe Sharp at a wing job and Carl "Wash" Prasher, at goal. Crowe, the other wingman is an exceptionally speedy bladesman and is expected to show well with the stick. He was discovered in a practice game last week and was signed up immediately. The two Shortys, La Fond and Nespor, are excellent skaters and have acted as subs with the Maroons at various times. They are capable men to fill their jobs in case the vets are injured. All of the Appleton men are in first-class condition with a week or two of practice behind them.

Menasha presents another veteran lineup sure to give any team in the loop a hard run and Oshkosh's aggression has held the league lead many times in the last two years.

MUNN LOSES 1ST FIGHT AS BOXER

Big Wayne, Nursing Badly Bruised Chin, Drops Ring "Career" After One Round.

Kansas City—(AP)—Nursing a battered chin, Wayne (Big) Munn, Thursday had given up dreams of a career in the prize ring. Munn concluded that the equipment necessary to succeed in the wrestling game, available nothing in boxing shortly after he stepped inside the ropes here Wednesday night with Andre Anderson, heavyweight boxer of Chicago. Gloves thudded on Munn's chin and two minutes after the opening of the first round he was counted out. It was his second and final appearance in the role of a boxer.

"I guess I wasn't cut out for boxing," Munn said after the bout. "I'll stick to wrestling hereafter."

Munn showed no aptitude with the gloves scoring only one solid hit. He had no defense for the short straight punches delivered by Anderson. The knockout came after the wrestler had been sent down for a count of nine. Munn, weighing 250 pounds had a 20-pound advantage over his opponent.

Warren, Pa.—Jimmy Sharkey, Buffalo, knocked out Burke, New York, three rounds.

New York—Ernie Jarvis English flyweight champion, and Izzy Schwartz, New York boxed to a draw, ten rounds. George Godfrey, Negro heavyweight, Leipsville, Pa., outpointed Martin Burke, New Orleans, ten rounds.

San Francisco, Calif.—Frankie Muskie, St. Paul, beat Harry Dodderman, Vallejo, lightweight, ten rounds.

Los Angeles, Calif.—Lou Palusso, Salt Lake City, won from Tommy O'Brien, New York, ten rounds.

M'TIGUE WHIPS TIGER FLOWERS

Former Lightweight Champ Earns Another Chance at Title by Comeback with Negro.

New York—(AP)—Mike McTigue, who lost the world's lightweight boxing title to Paul Berlenbach last summer, has earned another chance at the crown by his defeat of the sensational negro Tiger Flowers of Atlanta, in the Christmas fund bouts in Madison Square Garden Wednesday night.

McTigue always admired for his defensive expertness came out of his shell against Flowers, and turned back as good as he received. He was a different McTigue from the man who kept away from Berlenbach during a slow contest in which the title passed last summer.

But many at the ringside believed that the negro had gained the verdict by his constant lashing out which time and again drove the former champion to cover.

Fidel La Barba, American flyweight champion, obtained a six round decision over Lew Perfect, N. Y. bantamweight.

Unable to see the dazzling speedball hurled by R. Colvin, star pitcher of the Meyer Press, the indoor baseball team, the Post-Crescent crew lost its first game in the Y. M. C. A. Indoor Baseball League Wednesday evening at the "Y" gymnasium by a score of 13-4. The Post-Crescent gang, winners of first and second place in outdoor softball loops for the last two summers, found the indoor game a "rinder" different and had tough going all the way. The Pressmen showed the effects of four indoor battles already this season as compared to none for their rivals and easily outclassed the losers at bat and in the field. The win showed the Pressmen into first place for the first time since the loop started.

Colvin's hurling was the feature of the game, which was hotly contested if not close. He fanned many of the enemy batters with his speed from short range and kept the few hits well scattered. Eddie Stenard batted and fielded in great style for the winners and Louie Wagner hurled fine ball. After another game or so the Pressmen will look like strong contenders in the league. The Y. M. C. A. team, a group composed of "Y" members and dormitory residents, still has its first game to play, while the Post-Crescent is two games behind. The Post-Crescent played without the services of their star first-sacker, Hartzel, who is ill.

OLDS TEAM LOSES TO COMBINED LOCKS CROW

Paper-makers of Combined Locks traveled too fast for the Appleton Olds bowling team in a match played on the Little Chute alleys Sunday. The Locks crew won three straight games and took a total pin lead of 240 pins. J. Evers of the Paper-makers was the big star of the match clouting the wood for a high series mark of 522 and leading the other nine bowlers for high game with a 215 score. His 215 mark was the only double century score of the day. J. Zimmerman was high man for the Appleton shooters, clouting high game of 191 and high score of 521.

APPLETON MEETS OCONTO IN FIRST PRO HOME BATTLE

WEEK'S SCHEDULE
Friday—Sheboygan at Oconto; Beloit at Two Rivers.
Saturday—Beloit at Sheboygan.

With two weeks of hard practice in their wake and anxious to tear into a hard game of basketball because of inability to play a league game in the two-week period, Appleton's cage team of the Interstate Professional Basketball League opens its home season Monday evening with the Oconto team and plays off a postponed game with Beloit here shortly after. The Oconto game at Armory will officially open the pro cage season in the city and will find a hard working crew of players from Appleton and Neenah striving to give the local club its first win of the loop season. Another hard battle has been scheduled with the crack Manitowish team, a non-loop team, at Manitowish later in the week.

Appleton was squeezed out of the best chance it had to win a loop game last Saturday at Fondy when the Fondy managers pulled a "bust-out" deal to save money and incidentally the game. Fondy stood to lose a large sum on the gate and three of its star players were crippled. Appleton was in perfect condition and ready to trim the Co. M. crew. The local boys had just started working together after a new combination had been formed for the first time at Two Rivers. It worked there and was called a great team by the veteran Doc Delmore. The Appleton management has decided to forget about "nationally known" stars with big reputations after his experiences at the start of the season and only local and neighboring boys, who are willing to work for the team and not solely for money, will be given a chance.

The present Appleton team which gives every indication of developing into one of the best in the loop is composed of Bushey, Appleton, Jorgensen, Neenah, Jacobson, Appleton, and Kall. Appleton, forwards; McAuliffe, Appleton, center; Christoph, Neenah, Bushey, Appleton, Schurle, Appleton, and Clark, Appleton, guards. Jorgensen, former LaCrosse Normal captain, is physical director at Roosevelt school here and Christoph, Neenah high school coach, is well-known locally as a former Lawrenceport star and captain. The starting lineup for the Oconto game which probably will play most of the battle consists of Jorgensen and Bushey, forwards; McAuliffe, center; Schurle and Christoph, guards. The guards need a little more work, but with Bushey ready to go in and steady them are all set to go. Base has been out so far this year due an injury suffered on the grid while in the east with the Green Bay Packers, but he is just about ready to go and as he always keeps himself in good physical condition will be ready to step in at a moment's notice. The new loop crew is a gang of scrappers, who will give the fans their money's worth of the real type of basketball play or lose.

The Oconto game is sure to be a pretty battle with a reverse lock-ground. The home players, always hard to beat on the home floor in the northern city, caught the Appletonians off guard in a battle at Oconto recently and beat them had in the last quarter, when two local men gave out. Schwabe, giant center, is well-known to local fans for his ability to shoot and handle the ball and when he and Mac meet again a battle royal is sure to ensue. Other good men of the Oconto quintet are Rosenfeldt and Drafs. The game should rank as one of the best openers ever played here and should draw a new crowd. Appleton's reorganized crew will be slight favorites to take its first win on the home floor.

JOLLY 5 GIRLS BEAT NEENAH WOMANS TEAM

Jolly Five girls bowling team of the Tropic Ice Co. added another win to their long string of victories by their 11-5-26 pin season, Tuesday evening on the Arcade alleys when they defeated the Chero-Cola quint of Neenah three straight games, picking up a 222 pin advantage for the match. L. Gansen of the Appleton crew had high series of the match, a 445, and her 156 score was high game for the Jolly Five maple busters. However, Jensen of the losers hit 343 for high game of the entire match. Bionker had a 433 for high series for the losers.

Chero-Cola, Neenah Team—Won 0, Lost 3—Jensen 183, 161, 119, 463; Parkman 89, 120, 104, 313; Puhla 122, 125, 153, 410; Burger 129, 112, 126, 407; Bionker 183, 132, 156, 471. Totals 678, 626, 658, 1966.

Jolly 5, Tropic Press, Won 3, Lost 0.
A. Goldsch 142, 129, 155, 156; L. Austin 114, 162, 138, 414; L. Dunn 121, 126, 115, 364; A. Munster 121, 132, 118, 401; L. Gansen 162, 165, 175, 498. Totals 724, 745, 719, 2187.

PLAYS FIRST HOME GAME MONDAY

John "Mac" McAuliffe, Appleton high school coach and all-Midwest conference center for two years while playing with the Beloit college cage team, will play center for the Appleton professional basketball team of the Interstate loop when it opens its home season on Monday at Armory G. Monday evening. Mac is one of the best centers in the loop and his play has been a feature of the local squad this season. He outplayed every man put against him and caged from four to six ringers each game in a style which kept the crowd on its feet in spite of extra close guarding. When Mac meets the Fairies from his old college town next week fur is sure to fly and the local mentor will clinch his claim to the best center in the loop if he outplays the Beloit man.

Unsuccessful Grid Year Is Success Financially

An unsuccessful season in one way and a successful year in another was the sad ending of the 1925 football season of Appleton high school, according to a report of the financial side of the grid year issued early this month. For while the Orange grid-men lost to every foe met on the chalk-marked field this year, except the school athletic association was more fortunate and cleared a sum of \$144.91. Total receipts were \$2,362.75 for the season and total disbursements came to \$2,157.84. The profits from this year gridmen games brings the total amount in the athletic association treasury to on Dec. 9 to \$1009.56.

A note worthy factor in the expenses of the grid season was the injury which the school takes of its injured athletes. Medical care for 15 players injured at various times during the season, nearly half of whom were injured at least twice, plus medical supplies purchased, cost the school \$386.45 in the six or seven weeks of the season. Nine local physicians, an Oshkosh doctor and the local hospital shared in this money, beside many drug stores. Three Appleton boys were confined to the hospital for a few days at various times and another was treated there.

Another noteworthy fact is the small amount paid to highly efficient officials for the games. In spite of the fact that F. E. Neumann, secretary of the state high school athletic association, states that the very efficient officials must be paid high salaries. He suggested training high school teachers for the work to cut down expenses for officials and his statement was immediately criticized and condemned severely by the officials association. Individual officials.

RAINBOW CREW ROLLS HIGH TO BEAT KAWS

With both teams bowling in great style for the entire match, the Rainbow Gardens pin squad, former state champs, took the Electric City crew of Kaukauna into camp for a two out of three game win Tuesday evening on the Eagle alleys. The margin of victory was 50 pins and the winners were forced to roll a 2801 series to get the honors. The Kaw crew shot a 2751.

The Appleton team started out with a 38 pin win, but a 1625 game for the Kaukauna pinmen in the second half gave them a 98 pin win and a 65 pin lead. Here the Appleton team pulled an extra-strong comeback to cop the final tie by 115 pins and take the match by 50 pin lead. Johnson of the Kawmen turned in high game of the evening with a 225 and K. Kolitzke of the local men had a 606 for high series. Johnson's 588 was high score for Kaukauna and Kolitzke had a 229 for high game for Appleton. Other double century marks went to Peterson of Kaukauna with a 212 and a 213; Bandle, Kaukauna, 222; Johnston, Appleton, 217, and 203; Greenman, Appleton, 203.

Electric City, Kaukauna—Won 1, Lost 2—Hilgenberg 157, 189, 164, 510; Johnson 171, 225, 182, 588; Bandle 178, 222, 170, 565; Smith 163, 166, 164, 493; Peterson 212, 213, 164, 579; totals 822, 1025, 834, 2751.

Rainbow Gardens—Won 2, Lost 1—Johnston 198, 217, 263, 588; Greenman 203, 171, 189, 564; Curry 190, 189, 187, 566; Kwoerner 187, 152, 159, 498; Kolitzke 179, 189, 229, 596; totals 925, 1027, 919, 2651.

to aid the team both in shooting and floorwork. The same five played the entire game with only one shift, when Schurle and Fraser exchanged the guard and center jobs. Every man on the Appleton team played excellent ball, with Son Tornow, Fraser and Schurle, caging 7, 6 and 5 markers apiece and Fraser adding a free try. Tornow was "on" and his markers came in from all parts of the floor, while Fraser also changed from Tuesday night and displayed more teamwork and had a big night at the hoop. Schurle displayed his usual eagle eye and worked well on the floor. Pete Schweiger played the most aggressive guard game on the floor, being all over when needed and handling the ball well. He also guarded a neat field goal. Ray Tornow, the only Appleton man failing to get a basket fed his mates in great style and aided materially in the new brand of teamwork which surprised Appleton followers and carried the local boys to the win Wednesday night.

Rommel, Menasha star shot, did not arrive on the scene of action until the second half or the score might have been closer. "Zeke" dropped in five Menasha baskets and two extra points in 20 minutes of play and was dangerous at all times. Weyenberg an old reliable of the Fall crew, added four baskets and Hoheisel played a stellar guarding game beside adding a basket. The half ended 18-4 for Appleton with Son Tornow and Schurle starting out right from the whistle and getting four rimers apiece for the period. In the second half Schurle shifted to guard and got only one basket, but Fraser who replaced him at center got six and Tornow added three. The second half score with Rommel in the Fall lineup and Weyenberg getting three markers, Raleigh, two, and Hoheisel, one, was Appleton 22, Menasha, 22, an even half.

Displaying near-perfect teamwork, Appleton's American Legion cage five swept to its second straight win in two days Wednesday evening when it swamped the Menasha Athletic association quint, 39-26, in an Eastern Wisconsin Home Talent loop game at Menasha. Spectators who saw the ragged exhibition of play against Fondy here Tuesday evening would not have thought the boys wearing the local suits were the same team, so vast an amount of improvement did they show. They actually looked like a team instead of five individual stars as in the past and if they continue to work in the same manner, should bother any team in the loop, including Kimberly. The win raised Appleton to a tie for second place and whichever way Saturday evening's game turns out it will be advantageous to the locals. Kimberly plays at Fondy and should take the battle in good style. A win for Kimberly will put Appleton alone in second place while a K-C loss will draw both Appleton and Fondy closer to the top.

NORTHERNS HIT 2759 TO WIN MAPLE MATCH

Excellent bowling on the part of the Hotel Northern pin squad enabled the local maple artists to defeat the Green Bay reformatory team in a match bowled on the Olympia alleys Tuesday evening. The Northerns took three straight games and won the match by 113 pins, but they had to bowl 2759 to do it as their opponents hit 2640. N. Drauer of the Appleton team hit the pins for 597 for high series of the fray, marking up two even 200 scores

and a 197 in the process. Berge of the winners shot 212 for high game of the match. Andy Jimos got a 201 for the only other double century mark for the Appleton team. Four of the reformatory bowlers hit the high marks, Daanen getting a 204, Smits, a 209, Anderson, a 208, and Kramer, a 207.

Coch Denny Leaves for New York Sport Meeting; Milton, N. W., Here Jan. 5 and 8.

With Coach A. C. Denny leaving on a trip to New York city where he will be the official delegate of the Midwest Athletic conference at the annual meeting of the National Collegiate Athletic conference, composed of representatives of every college sport loop in the country, Lawrence college basketballers will get one week of rest before resuming work for the Milton and Northwestern games here on Jan. 5 and 8. The Blue cagers have been working since vacation started last week without a letup with all out-of-town members of both the varsity and frosh first squad remaining in Appleton for the work. Work will be resumed on Jan. 2, according to Mr. Denny.

The Lawrentians, minus the services of two stars from last year, who were expected to be in the lineup this year, and with two more regulars crippled from football, are gradually rounding into shape for a hard season ahead. Working at his regular forward berth and his eye for the hoop seems to be better than at his shots better than last year, and it is some period last year. He is sinking his work continues at the same pace during the regular season, he will have a big year. The other forward, left vacant by the grid injury of Jack Zussman, last years captain, is being taken care of by "Tung" Clark, 1921-22 reserve forward. Jack's injured knee is responding slowly to treatment and if he does come back to the squad it probably will be late in the season and even then his speedy floorwork will be slowed up considerably.

Clark is a speedy boy and a cool shot and would rank with the best of them, except for bad eyes. This keeps his firing hand, but gives in the faultless style of a Denny-coached squad, but even then he has the edge on the forwards at present.

Rod Ashmon, with an ankle injured by the Carroll football game, is working well at center, but is carrying a large burden with Roy Sundt, 1922-23 center who returned to school this fall, out with a broken wrist. Briese, picked as guard on the All-Midwest second team last year, and Grove reserve guard of last year, are taking care of the guard jobs in good style though Grove still is a trifle slow for his mates. His work is improving rapidly, however, and he will make a worthy running mate for Pete before the season is far underway. He had little chance last year with the senior Kent-Briese combine working, and this inactivity will bother him a trifle for a few games. Without a combination like the two Blue guards he would have been a regular last year. Johnston, Fond du Lac all-state high school guard in 1924, is a good reserve man as are Gaul, Weber and others. When the frosh become eligible in February, Denny will have another classy group to work into the weak positions, in Courtney, Dillett and Hilton.

Milton, Lawrence's first rival has played five games already this year, showing up well against the Marquette five, conquerors of Minnesota. They have a veteran team except at one guard. Northwestern of Naperville, Ill., has played two games this year with Illinois colleges and has won both by large margins. They play here Jan. 8. Last year Northwestern beat Lawrence on its first trip of the season into Illinois and the Lutherans hope to repeat the trick on the Blue's home floor. It was the only loss for Lawrence on the trip and one of three during a season of play with the best college crews in the western states. Denny is particularly anxious to win the game.

The Blues probably will not have quite as strong a team as last year, but they should make any crew step for the state and Midwest titles. Reil and Rhon, state rivals, also have weak teams but Carroll is strong. Joe and Cornell, two of the strongest teams in the Midwest loop, both were defeated in the Blue's title rush last year, are not on the Blue card this year. Northwestern is the latest addition to the new "Little Five" now called the Wisconsin-Illinois conference, but its games do not count until next fall's grid season.

OYSTER BED IS FOUND OFF ARGENTINE COAST

Buenos Aires, (AP)—The discovery of an oyster bed covering nearly 400 square miles off the coast of Patagonia has been reported to the ministry of agriculture by the chief of the fisheries bureau, recently returned from a survey of the Gulf of San Matias.

The location of the oyster bed is given as about 20 miles south of Port San Antonio and at a depth varying from 15 to 20 meters below the level of the sea. The oysters are stated to be of excellent quality.

ATTENDS MEET

A. C. DENNY

A. C. Denny, director of athletics at Lawrence college and Blue cagemaster, left Appleton Wednesday for New York city where he will represent the Midwest Athletic Conference at the annual meeting of the National Collegiate Athletic conference, held over weekend. At a recent meeting of the Midwest loop, composed of nine colleges from Wisconsin, Illinois, Iowa and Minnesota, Denny, Lawrence and the state of Wisconsin were honored when he was chosen for the delegate's job. Representatives of every collegiate athletic conference of the country will be at the New York meeting and important decisions regarding the collegiate sports of the entire nation will be decided there.

HIGH GRIDDERS DECLARED PROS

Englewood Preps Who Played in Chicago Card-Milwaukee Game Lose Amateur Status.

Chicago—(AP)—Four Englewood high school boys, the backbone of its football team, have been barred permanently from competition as amateurs in high school because they played with a makeshift professional team representing Milwaukee three weeks ago.

As a further outcome of the professional scandal in the Chicago schools, the Chicago Cardinals, a member of the national professional league, is under official scrutiny, and amateur athletes all over the country may be affected.

The annual meeting of the amateur athletic federation in New York will discuss revisions of the rules governing the amateur status of boys tagged professional for life because of a single petty violation.

Meanwhile the Chicago athletic authorities plan a sweeping inquiry into the relations of the schools, several of which are coached by men who play on pro teams, with professionalism. Recommendations resulting from the investigations will be made next month. The move was taken as indicating a possible dispensing with teachers and coaches who go into pro ranks to make money.

The game in which the youths participated was a frame up, Manager Chris O'Brien of the Chicago Cardinals admitted. His team planned to win from the makeshift eleven and from a Hammond Ind. club and by these victories would have claimed the professional championship. A subsequent challenge by the Chicago Bears, with Red Grange, for a title

with three baskets and Harper and Parish with two 'nets' apiece led the attack for Tom Johnson's crew.

game was anticipated. The plan was upset when Hammond defeated the Cardinals.

Art Poiz, Cardinal halfback, said he induced the boys to play by telling them it was a practice game without an admission charge. "Chuck" Palmer, former Northwestern University star, coach at Englewood, said he knew of the plan and advised them not to play, but only because they might be hurt.

Though O'Brien said no player on the team was paid and the boys declared they received no money, E. C. Delaporte, secretary of the board of control, was skeptical.

ENTRY LIST FOR STATE PIN MEET WILL CLOSE SOON

Milwaukee Expects Largest Meet in Years; Elk Tourney Will Be Held at Same Time.

BY WILLIAM F. FENSKE Milwaukee—Within three weeks the entry list of the twenty-fourth state tournament will be closed as the announcement reads that January 7th, 1926 is the date set to ring down the curtain and count up the entries to see what records have been smashed during the past season in the way of an entry mark. Judging from the widespread inter-

est throughout the state, the tournament is going to be a hummer, as the state teams are sending in entries and reservations with a rush that augers well for a dandy tournament. The entry outside Milwaukee will probably set a record, and it is possible that the great entry from cities outside of Fond du Lac, where the last tournament was held, will be broken this year. The bowlers of the state must not forget that Milwaukee was counted in the outside entry last year, and the entry from the state metropolis was 325 teams with almost every man entered in the minor events, so if we equal the Fond du Lac outside entry, we most assuredly have a great task before us. This looks possible as the cities throughout the state where the tournaments have been held, and where tournaments will again be held, know that Milwaukee is a good booster and the bowlers from Milwaukee are good travelers, so they are coming in strong for the support of Milwaukee.

A solid trainload of 104 Graham Brothers Trucks was shipped recently to six Dodge Brothers Dealers in Florida. Ten days after arrival every truck had been sold---and more were on the way.

This is an exceptional record---but it illustrates an important point.

Business men need no longer feel that they must devote valuable time to investigation of trucks before making their choice.

The remarkable record of Graham Brothers Trucks has reduced an important buying problem to the simple expedient of asking the Dodge Brothers Dealer to "send one over."

CHILTON'S H. S. DEBATERS CLASH WITH MENASHANS

Four Teams Debate Proposed Federal Amendment Forbidding Child Labor.

Special to Post-Crescent

Chilton A non-decision debate between the Menasha high school and the Chilton high school was held at the high school in Chilton and Menasha on Tuesday afternoon. The subject of the debate was: "Resolved, that Congress be granted power by federal amendment to regulate the labor of all persons under the age of 15." The negative team of Menasha, consisting of Bernice Kessey, Henry Korman and Helen Jones, under the direction of Mr. Emans, history teacher and debate coach in the Menasha high school, journeyed to Chilton to meet the affirmative team of Chilton, under the direction of C. Raymond Holdings, teacher of history and economics, consisted of Roger Schuchert, Victor Larson and Gertrude Greany.

The negative team of the Chilton school, consisting of William McGrath, Paul Fox and Ellsworth Blonden went to Menasha, where they met the affirmative team of that school. These two schools are members of a debating league composed of 50 high schools working under the direction of the public speaking department of Lawrence college.

HAPPY CHRISTMAS FOR SERVICE MEN

Legion Auxiliary Sends Christmas Packages to Men in Hospitals.

Through the efforts of the American Legion Auxiliary of Wisconsin, every ill ex-service man of the state will be remembered at Christmas, according to Mrs. E. E. Dunn, president of the local organization. The Appleton unit has sent in its check for \$25 to the fund which is now being collected, and no ill soldier, whether he is hospitalized here or in another state, will be forgotten.

The three great hospitals in the state for men who served in the world war will each have a Christmas tree with all the glimmer and sparkle it is possible to provide and a gift and smokes for every man, Mrs. Dunn declared. These institutions are the National Home at Milwaukee, Post-haven and Waukesha and Psychiatric or Memorial hospital at Mendota.

She said a real Christmas box containing candy, salted nuts, a gift and other items wrapped in the true "Christmas" style and containing a personal greeting from the American Legion Auxiliary is to be sent every Wisconsin man whether he is in a hospital in Maine or Florida.

"This personal method of saying 'Merry Christmas' to service men in the hospitals is but one phase of the rehabilitation work which the Auxiliary carries on every day in the year," said Mrs. Dunn.

COURT TEST FOR LICENSING LAW

Wholesale Produce Dealers Await Decision in Suit Contesting Legislation.

Wholesale produce dealers of this vicinity are awaiting the outcome of a suit to test the validity of a new law providing for the licensing and placing under bonds of all wholesale produce merchants.

The law, which will affect about 1,000 dealers in the state, will go into effect Jan. 1, unless it is held up pending the decision of the supreme court. Under the law, the dealers would be required to pay a license fee of \$5 and also furnish a bond. The amount of the bond has been set by the department of markets at \$2,000.

The purpose of the law, according to the farmers, is to protect legitimate dealers against transient merchants who peddle in wholesale trade here and there when they see a chance for a profitable venture. It was argued that in most cases the itinerant produce dealers are unreliable, and that in many cases farmers have suffered from their acts.

If the supreme court upholds the law, opponents will try to have it repealed at the next session of legislature, it is said. The law affects men in the state who have been

WEATHER HERE HAS NO EFFECT ON FRUIT PRICE

Prices on fruit shipped into Appleton are not affected by local weather conditions, according to wholesale fruit dealers. Although last winter was very mild, and November and December of this year have also been comparatively warm prices of fruit are not higher or lower as a result. It costs more to keep freight cars in

which fruit is shipped heated in extremely cold weather, but this additional shipment cost has no bearing on the wholesale or retail price. The principal factors affecting fruit prices are supply and demand.

A Symbol of The Pettibone Ideal

THIS SYMBOL has been adopted by The Pettibone-Peabody Company as its official mark. The Mayflower shield was designed to depict the ideals of the Store management—ideals that are in daily practice throughout the Store. The Mayflower stands for Puritan ideals of honesty and integrity. This early ship also stands for Colonial friendliness and courtesy. It is fitting the memory of Chauncey J. Pettibone and George F. Peabody; both, men of New England descent and traditions.

THIS SYMBOL will be used extensively throughout the Store. In connection with its use, there will be two Pettibone brands that are the exclusive property of This Store. The "Mayflower" brand will be used to designate merchandise of exceptional character. It is already in use in the linen section. The second brand will be the Outagamie brand with a label bearing an Indian chieftain. This tribute the memory of Chauncey J. Pettibone and George F. Peabody.

THESE SYMBOLS are used as hall marks of Pettibone quality. Their use is a guarantee of satisfaction. Articles bearing these labels will always be of exceptional merit. The Mayflower Shield will be your guarantee. Its use will be a guide post for your purchasing.
